How to Add a Closed Online Class

Go to the LASC website:  http://www.lasc.edu/index.html to register for the online class. If the class and the waitlist are full, refer to column #1 below. If you are not on the waitlist and the class is closed, refer to column #2 below:

1. Students On Waitlist

- The instructor will contact students from the waitlist (at the beginning of the term only) If they decide to add additional students. There is no need for students on the waitlist to contact the instructor.

- Instructors will only contact those students who are approved to add. If you are not contacted by the instructor during the first week of class, that means that the class is full and no additional students will be added. There is no need to contact the instructor. Look for alternative options for classes.

- Due to the volume of requests received, only those students whose adds are approved will be contacted. If you are not contacted, you will not be added. There is no need to contact the instructor if your name is on the waitlist.

- Faculty will only contact you via your district assigned email address.

2. Students Not on Waitlist

- Do not contact the instructor to add a class prior to the first day of the semester.

- On the first day of class, you must email the instructor a request to add the class (see required information below). Be aware that if instructors approve adds, they will draw from the waitlist first. It is highly unlikely that you will be added if you aren’t already on the waitlist. Look for alternative options for classes.

- Due to the volume of requests received, only those students whose adds are approved will be contacted. If you are not contacted, you will not be added. There is no need to continue to contact the instructor once you submit a request to add a closed class.

- Faculty will only contact you via your district assigned email address.

- Please include the section number and term in the subject line of your email. You must also include your name, ID number and the following in your body of your email (I _Name_____request to be added to your class.)

NON-RESIDENT TUITION EXEMPTION (AB540)

AB 540 was signed into California law on October 12, 2001 to authorize students who meet certain criteria to pay “in state” or “resident’s” tuition rates (only $46 per unit at Los Angeles Southwest College). This includes undocumented students. To be eligible, students must:

- Have attended a California high school for three or more years (9th grade counts)
- Have graduated from a California high school or obtained the equivalent of a high school diploma (how long ago does not matter)
- Be willing to apply for legal residency as soon as possible

To take advantage of this lower tuition rate, simply fill out the AB540 Exemption Form available in the Admissions Office and Bridges to Success. There is no maximum number of years for which you can receive this lowered tuition rate. For more information, call (323) 241-5321 or (en Español) (323) 241-5281. NOTE: Effective Summer 2013, AB540 students are eligible to apply for and receive non-state funded scholarships and state funded financial aid and grants (See Financial Aid for more information).

NON-RESIDENT STUDENTS

Starting with the summer 2009 undocumented students who do NOT qualify for the AB 540 tuition exemption shall be entitled to exemption from nonresident fees on the basis of individual need in accordance with regulations adopted by the Chancellor (LACCD Board Rule 8100.15). If the students meet the eligibility requirements on the Nonresident Tuition Fee Waiver (available in Admissions and Records, Financial Aid and Bridges to Success), they may be eligible to receive a nonresident tuition exemption and ONLY pay the current enrollment fee of $46 per unit. Undocumented students do not qualify for state or federal financial aid.

EXONERACIÓN DEL PAGO DE MATRÍCULA COMO NO RESIDENTE (AB540)

La ley AB540 fue firmada en California el 12 de octubre de 2001 para permitir que estudiantes que cumplan con ciertos requisitos sean exentos de los pagos de matrícula como no residentes y solamente paguen la cuota de inscripción actualmente de $46 por unidad en Los Angeles Southwest College. Esta ley incluye a estudiantes indocumentados. Para ser elegibles, los estudiantes deben cumplir con los siguientes requisitos:

- Haber asistido a una escuela preparatoria (high school) en California por un mínimo de tres años (el 9º grado también cuenta)
- Haberse graduado de una preparatoria en California o haber obtenido un certificado equivalente al diploma de preparatoria como el GED (no importa cuando lo obtuvo)
- Estar de acuerdo en aplicar para residencia legal tan pronto como sea posible.

Para tomar ventaja de esta oportunidad y pagar solo $46 por unidad, simplemente complete la forma AB540 en la Oficina de Admisiones y el Centro Puentes al Éxito. No hay límites de años en los cuales usted puede aprovechar esta oportunidad. Para más información llame al (323) 241-5281. Nota: Comenzando con el semestre de primavera 2013, los estudiantes AB540 son elegibles para solicitar becas no gubernamentales al igual que ayuda financiera estatal. (Vaya a la oficina de ayuda financiera para más información).

ESudiantes NO Residentes

Empezando con el verano del 2009, estudiantes indocumentados quienes no califican bajo la ley AB540, serán exentos de los pagos como no residente en base a la necesidad financiera individual de acuerdo con la regulación 8100.15 (LACCD Board Rule 8100.15) adoptada por el canciller (Chancellor) de LACCD. Si los estudiantes reúnen los requisitos estipulados en la Solicitud para la Exención de Cuotas de Matrícula como no Residente (disponible en las oficinas de: Admisiones y Expedientes, Ayuda Financiera, y Puentes al Éxito,) pueden ser elegibles para recibir la exención a cuotas para no residentes y pagar solamente la cuota actual de inscripción de $46 por unidad. Estudiantes indocumentados no califican para ayuda financiera estatal o federal.

K-12 STUDENTS SPECIAL ADMISSION

Los Angeles Southwest College may permit the admission of K-12 students who in the opinion of the President or designee, can benefit from instruction. Approval of the appropriate principal, high school counselor and parent (or guardian) is required for all K-12 applicants. Additional approval of the Dean of Student Services is required for all applicants ages 14 and under. The intent of this program is to provide educational enrichment opportunities for a limited number of eligible 9th through 12th grade students who fulfill special admissions standards.

The college reserves the right to exclude or limit enrollment into impacted programs and in other programs where health, safety, instructional methodology, facility constraints, or legal requirements are deemed inappropriate for special admission students. Special admission students must conform to the College’s academic rules and regulations and the code of conduct expected of all college students. Some fees may be required.

K-12 students must complete the supplemental application for high school students and the Southwest Application for Admission. The application can be processed online at www.lasc.edu (click on the Apply for Admission link), and the supplemental application can be downloaded from our college website at www.lasc.edu, click on the “Admission” link in the menu, and then click on “High School Students” in the sub-menu. Print the Supplemental application and make sure you obtain all necessary signatures and approvals. NON-DISCRIMINATION POLICY

The Los Angeles Community College District is committed to the philosophy of equal opportunity/equal access in all its employment, educational programs, and services. Thus, we are firmly committed to a policy of nondiscrimination on the basis of actual or perceived ethnic group identification, race, color, national origin, ancestry, religion, creed, sex (including gender-based sexual harassment), pregnancy, cancer-related medical condition of an employee, marital status, sexual orientation, age, physical or mental disability, or veteran status in our employment and educational programs and activities.

COMPLIANCE PROCEDURE

In order to ensure Equal Opportunity/Non-Discrimination Policy compliance at Los Angeles Southwest College, please direct inquiries to: Dr. Oscar Cobian, Dean of Student Services (323) 241-5298.

SUMMARY OF SEXUAL HARASSMENT POLICY

The policy of the Los Angeles Community College district is to provide an educational, employment and business environment free of unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct or communication constituting sexual harassment. Employees, students or other persons acting on behalf of the district who engage in sexual harassment as defined in the policy or by state or federal law shall be subject to discipline, up to and including discharge, expulsion, or termination of contract. The specific rules and procedures for reporting complaints of sexual harassment and for pursuing available remedies are incorporated in the LACCD Board Rules in Chapter 15.

The Los Angeles Community College District has a policy which provides formal and informal procedures for resolving complaints. Copies of the policy and procedures may be obtained at Los Angeles Southwest College from Dr. Oscar Cobian, Dean of Student Services (323) 241-5298. Members of the college community — which includes students, faculty and staff — who believe they have experienced conduct that may constitute sexual harassment, have the right to seek help from the college. Every employee has the responsibility to report such conduct to the Compliance Office when it is directed toward students. Potential complainants are advised that administrative and civil law remedies including, but not limited to, injunctions, restraining orders or other orders, may be made available.

IMPORTANT REGULATIONS

Please note: The Census date is a date in which all enrollment at Southwest is counted and reported to our District Office in order to determine our campus funding (apportionment). The Fall 2014 Census Date is September 15, 2014.

1. All courses must be added by the census date (September 15, 2014 is the deadline to add classes).
2. All courses must be dropped before the census date to avoid receiving a “W” grade (receipt of “W” grades in the same course will have further consequences). The period of time to drop a course without record of enrollment has been reduced. The deadline to drop without receiving a “W” grade now occurs before the census date. Drops that occur on or after the census date will result in a “W” grade. (Sunday, September 14, 2014 is the deadline to drop to avoid a “W” grade).
   • This should encourage you to make a decision to drop a class earlier
   • This will allow faculty the ability to make add decisions sooner (which may allow more students to be added).
   • Adding courses by census increases the number of students counted in apportionment.
3. Students receiving a satisfactory grade may not repeat a course (exceptions follow)*. *If you must repeat a course in which you have received a passing grade due to any of the reasons below, you must obtain the Third Repeat Petition from the Office of Admissions and Records, complete the form, and return to Admissions no later than August 8, 2014.
4. Students receiving a satisfactory grade may repeat the same course due to extenuating circumstances:
   a. Due to legally mandated training – if necessary to meet legally mandated training requirements as a condition of paid or volunteer employment.
   b. Course is a special course for students with disabilities which the student needs to repeat for one of the reasons described in section 56029 of the California Code.
   c. Recency - student is required to have taken the course within the past five years for admission to a college program.
   d. Extenuating circumstances – documentation is provided to show that previous grade was, at least in part, the result of extenuating circumstances.
5. The Board of Governors adopted regulations that limit apportionment for enrollment in a single course to three enrollments** for any credit courses taken within the Los Angeles Community College District except for courses identified as “repeatable”, such as PE and performing arts, in accordance with Title 5, section 55041, subdivision (c).
6. The Board of Governors approved changes that will establish system-wide enrollment priorities designed to ensure classes are available for students seeking job training, degree attainment or transfer and to reward students who make progress toward their educational goals. Beginning fall 2014, new students who have completed college orientation, assessment and developed education plans as well as continuing students in good academic standing who have not exceeded 100 units will have priority over students who do not meet these criteria.

**Enrollment occurs when you receive an evaluative (letter grade) or nonevaluative (“W”) symbol, pursuant to Section 55023. You will not be able to add courses in which you have three prior attempts with record of enrollments (“W”, NP, NC, D, or F grades).

All credit course repeats and withdrawals in your enrollment history in the LACCD will be counted towards the new limit, regardless of when you took the course. If you need to repeat a course in which you have three or more records of enrollment:
• You may take the course outside of the Los Angeles Community College District.
• You may petition to retake the course within the district (subject to certain conditions) with extenuating circumstances – this 4th repeat will not count in apportionment.

WHAT SHOULD YOU DO?
• Be sure that you are academically prepared for classes that you enroll in (See a Counselor).
• If you must drop a course, drop before the specified deadline for dropping a class without a grade of “W” – September 14, 2014 is the No Penalty Drop Deadline for Fall 2014.
• See a counselor before making decisions that could affect your education plan.
• See financial aid before making decisions that may affect your financial aid.
• Register for classes on your assigned registration appointment time.
• Read your email from the campus – it is now being sent to your District Assigned Email Address ONLY!
• New and returning students should be sure to complete the matriculation process in order to obtain higher registration priority.
