* Priority groups are Veterans, Foster Youth, and DSPS & EOPS students

AB540 and Dream Act Eligibility for Financial Aid
Effective spring 2013, AB540 students may now apply for the Board of Governors Fee Waiver, privately funded scholarships, assistance from EOPS, CARE, CalWORKS, and state financial aid like Cal Grants. Contact the Financial Aid office for details at 323-241-5338

New LACCD Student Email Accounts
All Southwest students now have a LACCD student email account. Effective April 2, 2013 the District issued student email addresses will be the official means of communications. Students should routinely monitor their email account for updates and important messages. To view your district issued email address, log into the student information system. You can forward your district issued email to your personal email account.

Adding Online Classes
Once the semester starts, students must send the request from their district issued email address to the faculty. Please do not email faculty from your personal email address! Faculty will only consider requests to add online courses from students via their district issued email addresses. Admissions will only process approved online adds that include requests from district issued email addresses.
The image contains information about Priority Registration Changes for Fall 2014 at Los Angeles Southwest College. The document outlines three priority levels:

1. **1st Priority** — Active duty military and veterans, current and former foster youth, students in Extended Opportunity Programs and Services (EOPS) and Disabled Students Programs and Services (DSPS) in good academic standing.
2. **2nd Priority** — Continuing students in good academic standing who have not exceeded 100 units (excluding non-degree applicable basic skills courses in English, Math, or ESL).
3. **3rd Priority** — New students who have completed orientation, assessment, and developed a student educational plan (SEP).

The document also highlights that students on probation should seek help immediately to improve their academic standing. Students nearing the 100-unit maximum should carefully plan their remaining courses. If you have not already done so, prepare a SEP.

**Transfer Degree Guarantee**
You may now take advantage of a new program that will guarantee admission to the CSU system with no wasted units. Visit the Counseling website for more information.

**Student Personal Services Available**
LASC’s Student Personal Services can help. Visit our Licensed Clinical Social Worker every other Thursday (April 25, May 9, and May 23) at the Health Center in SSB 118 or call (323) 241-5252.

**Important Changes**
THAT MAY AFFECT YOU!

**Only 3 Attempts to Pass a Class Within an Area**
REMEMBER: You can only take a class once if you receive a passing grade. If you receive a non-passing grade or a “W” grade, you are allowed to attempt the same class up to 3 times within the LACCD. Course repetition limits apply to all levels of courses which consist of similar educational activities. For example, a student can only take any combination of three repeats within golf, even if taking multiple levels of golf (beginning, intermediate, and pro golf).

**Ask a Counselor Online:** AskAcounselor@lasc.edu
Our quick-question e-mail service lets you ask our counselors general questions online about degree requirements, transfer information, course offerings, and more. Visit the Counseling website.
