15. COURSE CLASSIFICATION: **Adult and Secondary Basic Skills**

   Note: A course's Classification, TOP Code and SAM code must be aligned – e.g., Courses with an “Occupational” Course Classification must have an “Occupational” TOP Code and a SAM Code of A, B, C, or D; courses that do not have an “Occupational” Course Classification cannot have an Occupational TOP Code and must have an “E” SAM Code. Courses coded as “basic skills” in #11 should be coded “Adult and Secondary Basic Skills.”

16. TOP CODE – (6 digits XXXX.XX) **4930.00**

   Course content should match discipline description in Taxonomy of Programs found at www.cccco.edu/cccco/esed/curric/curriculum.htm.

17. SAM CODE (Student Accountability Model): **E - Non-Occupational**

   SAM Codes (see CCC Chancellor's Office Student Accountability Model Operations Manual, 1984) should be assigned as follows:

   **Priority “A” – Apprenticeship:** Courses designed for an indentured apprentice must have the approval of the State of California, Department of Industrial Relations Department, Division of Apprenticeship Standards.

   **Priority “B” – Advanced Occupational:** Courses taken by students in the advanced stages of their occupational programs. Courses should be offered in one specific occupational area only. Priority letter “B” should be assigned sparingly; in most cases, no more than two courses in any one program should be labeled “B.” “B”-level courses must have Priority “C” prerequisites in the same program area.

   **Priority “C” – Clearly Occupational:** Courses generally taken by students in the middle stages of their programs should have a difficulty level sufficient to detract "drop-ins." Courses may be offered in several occupational programs within a broad area. The “C” priority, however, should also be used for courses within a specific program area when the criteria for “B” classification are not met. A “C”-level course should provide the student with entry-level job skills.

   **Priority “D” – Possibly Occupational:** “D” courses are those taken by students in the beginning stages of their occupational programs. The “D” priority can also be used for service (or survey) courses for other occupational programs.

   **Priority “E” – Non-occupational.**

4. IMPACT -- Will this course directly impact other course offerings and/or associate degree or certificate programs on campus?
   Yes (If yes, briefly explain how)
   
   The class will hopefully enhance the skills of students as they progress through the curriculum.
5. **METHOD OF SUPPORT** -- Indicate how the college plans to support the proposed course:

Additional staff -- List additional staff needed:

No; existing staff is sufficient.

Classroom -- List classroom type needed:

Existing classroom or labs

Equipment -- List new equipment needed and indicate funding source for any new equipment:

Existing equipment

Supplies- List supplies and indicate dollar value:

None

Library/Learning Resources- The course initiator shall consult with the College Librarian and review the college library, book, periodical, and electronic resource collections relevant to this course. List additional titles and resources to be considered for purchase as funding permits:

6. **APPROPRIATENESS TO MISSION**—Describe how the objectives of the proposed course are consistent with the mission of the community colleges as established by the Legislature in the Education Code. The course should also be congruent with the mission statement of the local college and district. Community colleges are open and accessible to all who are able to benefit from the educational opportunities that offered herein. Students who come to the community college ill prepared must be given opportunities to be a successful student through skill development.

This course is designed to help LASC provide students with "quality learning", especially those struggling to improve their writing skills.

7. **NEED**—Demonstrate the need for the course that meets the stated objectives, at this time, and in the region.

College research shows that students are entering Los Angeles Southwest College deficient in writing fundamental skills needed to be successful in their coursework. This course allows students to acquire the basic skills needed to be prepared for college level writing, and because it is open-entry/open-exit, students can enter up to the twelfth week of a 16-week semester.
According to Section 55002(b) of Title V, nondegree credit courses are:

(A) precollegiate basic skills courses as defined in Section 55502(d) ["precollegiate basic skills courses" are those courses in reading, writing, computation, learning skills, study skills, and English as a Second Language which are designated by the community college district as nondegree credit courses pursuant to Section 55002(b)]

(C) precollegiate occupational preparation courses designed to provide foundation skills for students preparing for entry into college-level occupational courses or programs;
(D) essential occupational instruction for which meeting the standards of Section 55002(a) [Associate Degree Credit Course] is neither necessary nor required.

Using the Official Course Outline, the college and/or district curriculum committee shall recommend approval of the course on the basis of the standards which follow. In order to be eligible for state apportionment, such courses must be approved (as courses not part of programs) by the Chancellor's Office as provided by Section 55100. Place a (X) in the appropriate box.
