Los Angeles Community College District

COURSE OUTLINE
(Replaces PNCR and Course Outline)

☐ New Course
☐ Addition of Existing District Course
☐ Course Change
☒ Outline Update, Academic Year: 2004-2005

Section I: BASIC COURSE INFORMATION

OUTLINE STATUS: UPDATE, 2004-2005

1. COLLEGE: Southwest

2. SUBJECT (DISCIPLINE) NAME¹: NURSING
   (40 characters, no abbreviations)

3. COURSE NUMBER: NURSING 506 B

4. COURSE TITLE: MATERNAL AND CHILD HEALTH NURSING (MATERNITY NURSING)

5. UNITS: 4.5

6. CATALOG COURSE DESCRIPTION -- Provide a description of the course, including an overview of the topics covered:

   Emphasis is placed on utilizing Orem’s Self-Care Theory and the Nursing Process to develop an understanding of the physiological and emotional needs of mothers and newborns during the maternity cycle. The concept of family-centered-maternity care is explored. Assessment of the newborn and management of women’s health problems will be discussed. Guided clinical experiences are provided concurrently with the theory.

7. CLASS SCHEDULE COURSE DESCRIPTION -- Provide a brief description of the course, including an overview of the topics covered:

   This course utilizes Orem’s Self-Care Model of Nursing and the Nursing Process as a framework to focus on the care of perinatal clients, newborns, and their families. Emphasis is on the sharpening of critical thinking skills to promote health of the child bearing families during the antepartum, intrapartum, and postpartum periods, including high risk obstetric conditions. Guided clinical experiences are provided concurrently with the theory.

8. INITIAL COLLEGE COURSE APPROVAL DATE:

   COLLEGE OUTLINE APPROVAL DATE:

¹ Underlined course attributes are the same for the course throughout the LACCD; all other course attributes are college specific.
9. UPDATES (check all applicable boxes): April 2005

- Content
- Objectives
- College Specific Course Attributes/Data Elements
- Districtwide Course Attributes/Data Elements
- Other (describe)

10. CLASS HOURS:

<table>
<thead>
<tr>
<th></th>
<th>“Standard Hours” per Week (based on 18 weeks)</th>
<th>Total Hours per Term (hrs per week x 18)</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lecture:</td>
<td>2.0</td>
<td>36</td>
<td>2.0</td>
</tr>
<tr>
<td>Lab/activity (w/ homework):</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Lab/activity (w/o homework):</td>
<td>7.5</td>
<td>135</td>
<td>2.5</td>
</tr>
<tr>
<td>Total:</td>
<td>9.5</td>
<td>171</td>
<td>4.5</td>
</tr>
</tbody>
</table>

Note: The Carnegie Rule and Title 5, section 55002 sets forth the following minimum standards: 1 unit = 1 hour lecture per week, 2 hours homework per week; OR 2 hours per week of lab with homework; OR 3 hours of lab per week without homework. The hours per week are based on a standard 18-week calendar. Lecture also includes discussion and/or demonstration hours, laboratory includes activity and/or studio hours.

11. PREREQUISITES, COREQUISITES, ADVISORIES ON RECOMMENDED PREPARATION, and LIMITATION ON ENROLLMENT

Note: The LACCD’s Policy on Prerequisites, Corequisites and Advisories requires that the curriculum committee take a separate action verifying that a course’s prerequisite, corequisite or advisory is an “appropriate and rational measure of a student’s readiness to enter the course or program” and that the prerequisite, corequisite or advisory meets the level of scrutiny delineated in the policy.

ENTRY SKILLS FOR COURSES WITH PREREQUISITES:

- Prerequisites: Yes (If Yes, complete information below)

<table>
<thead>

<td>Maternal and fetal nutrition treatment</td>
</tr>
</tbody>
</table>

Upon completion of the study of this module, the student will be able to:  
1. Examine responsibilities of the client and usual therapeutic/collaborative management of pregnancy (pharmacy, dietary, surgery, radiology, treatment alternatives).  
2. Evaluate how universal and developmental self-care requisites affect family planning issues and gynecological problems.  
3. Examine basic conditioning factors that may affect family planning and gynecological decision making.  
4. Analyze assessment skills in caring for clients as they relate to family planning, sexually transmitted diseases and gynecological problems.  
5. Select health deviation self-care requisites related to family planning, sexually transmitted diseases and gynecological problems.  
6. Evaluate the type of nursing system required by the client.  
7. Develop a plan of care for the client who is dealing with sexually transmitted disease, family planning or gynecological problems using Orem’s self-care theory and the nursing process.  
9. Evaluate the type of nursing system required by the client.
MODULE 5:
Universal Self-Care Requisite – HAZARDS: Parturition

Module Topics
A. Presentations and positions
B. Mechanism and stages of labor
C. Maternal and Fetal monitoring
D. Diagnostic Tests and Procedures
E. Pharmacology: Antitocolytic agents, Oxytocins, Beta-adrenergics reproductive related agents. Labor Induction/augmentation
F. Preterm labor
G. Complications of Labor
H. Operative Obstetrics
I. Alternative Birthing Rooms
J. Pain management in Labor

6.5

Upon completion of the study of this module, the student will be able to:

1. Evaluate the anatomy and physiology involved in the mechanisms of labor.
2. Examine responsibilities of the client and usual therapeutic/collaborative management of the client during the intrapartal period (pharmacy, dietary, surgery, radiology, treatment alternatives).
3. Evaluate how universal self-care and developmental requisites effected outcome of the labor process.
4. Examine basic condition factors that effected the laboring client.
5. Demonstrate assessment skills in caring for the client in labor.
7. Analyze health deviations that may occur during labor.
8. Evaluate the type of nursing system required by the client.
9. Develop a plan of care for the client with deviations identified during labor utilizing Orem’s self-care theory and the nursing process.

MODULE 6:
Universal Self-Care Requisite – HAZARDS: Postpartal Period

Module Topics
A. Definition
B. Anatomical and Physiologic Changes
C. Clinical Considerations (BUBBLE HE)
D. Psychosocial Aspects
E. Immediate and Ongoing Care
F. Six-week Postpartum Exam
G. Pharmacology
H. Postpartal Complications
I. Nursery/Room-in
J. Pharmacology: Rho (D) Immune Globulin< Rubella Vaccine

4.5

Upon completion of the study of this module, the student will be able to:

1. Analyze the responsibilities of the client and usual therapeutic/collaborative management of the client during the postpartal period (pharmacy, dietary, surgery, radiology, treatment alternatives).
2. Assess the anatomical and physiological changes that occur in the postpartal period.
3. Evaluate how universal self-care requisites effected outcome for the childbearing family during the postpartal period.
4. Select basic conditioning factors that may alter an optimal outcome for the postpartal client.
5. Examine the assessment areas specific to the postpartal client.
6. Analyze the health deviation self-care
MODULE 7:
Developmental Self-Care Requisites and Universal Self-Care - **AIR:**
Newborn

Module Topics
A. Immediate Care of Newborn in the Delivery Room, APGAR Score
B. Physiological Changes
C. Physical and Gestational Assessment
D. Nursing Care
E. Infant Nutrition
F. Medications
G. Diagnostics
H. Complications of the Newborn e.g. NEC, Cold Stress, Hyperbilirubin, PKU
I. Fetal Age Determination
J. End of Life Issues
K. Cardiac Anomalies

4.5

Upon completion of the study of this module, the student will be able to:
1. Examine the responsibilities of members of the health care team for the newborn.
2. Assess anatomical and physiological changes that occur in the immediate newborn period.
3. Examine how universal self-care and developmental requisites affect optimal outcome for the newborn.
4. Analyze basic condition factors that may alter the outcome for the newborn and family.
5. Select physical and gestational assessments specific to the newborn.
6. Relate to health deviation self-care requisites of the newborn client.
7. Relate to health deviations during the newborn period.
8. Evaluate the type of nursing system required by the newborn/mother couple.
9. Develop a plan of care for the newborn/mother couple utilizing Orem’s self-care theory and the nursing process.
10. Analyze and discuss end of life issues pertaining to fetal/newborn death.

STUDENT LEARNING OBJECTIVES

At the completion of this course of study, the student will be able to:
1. Test using the NCLEX-RN practice examination.
2. Formulate a plan of care utilizing Orem’s self-care theory for assessing, planning, implementing and evaluating the maternal client and newborn.
3. Examine nursing agency’s responsibility in managing the client through pregnancy and delivery.
4. Examine developmental deficits in the newborn.
5. Demonstrate competency in appraising hazardous situations in obstetrics.
6. Plan referrals to appropriate commonly resources.
7. Design client teaching to enhance the levels of wellness.
8. Employ appropriate behaviors that reflect professional ethical and legal standards.
9. Integrate knowledge of pathophysiology and therapeutic intervention in the care of the perinatal, newborn and child client and family.
10. Perform intermediate and advanced skills with technical competence.
11. Utilize the supportive-educative role of the nurse to modify the impact of basic conditioning factors on maternal and infant outcomes.
12. Implement therapeutic communication techniques with clients, families and staff.
13. Incorporate health concepts to enhance own self-care agency.
14. Identify developmental self-care requisites as they apply to perinatal, newborn, and child clients and families.
15. Plan and implement appropriate interventions for the specialized needs of the hospitalized prenatal mother, laboring mother, postpartum mother, and newborn client.

| COURSE CONTENT AND SCOPE -- Laboratory: | Hours per Topic | COURSE OBJECTIVES - Laboratory (If applicable):
| If applicable, outline the topics included in the laboratory portion of the course (outline reflects course description, all topics covered in class). | 22.5 | Upon successful completion of this course, the student will be able to… (Use action verbs – see Bloom’s Taxonomy below for “action verbs requiring cognitive outcomes.”)²

At the completion of this module, the student will be able to:

1. Perform a breast and testicular self examinations and instruct the clients on how to do so.
2. Calculate the ovulation period.
3. Assist in the diagnosis and management of infertility problems.

<table>

</tbody>
</table>

² In general “activity” courses or portions of courses are classified “laboratory.”
### Module 3  **Antepartal / Prenatal**

**Calculation of TPAL (GTPAL)**

**Calculation of EDC**

**Diagnostic Tests:**
- Amnioncentesis
- Ultrasound
- Non Stress and Stress Tests

**Lab:** *ABO Incompatibility / Rh Factor*

- Positioning for Cord Prolapse (Tredenlenberg)
- Deep Tendon Reflex Assessment

### Module 4  **Labor and Delivery**

**Assessment of the Client in Labor**

**Maternal and Fetal Monitoring**

**Positioning of the Labor Woman**

**Nitrazine Test**

**Fern Test**

**Oxygenation:** 8-10 lpm per mask

4-6 lpm per nasal cannula

**Birth out of Asepsis (BOA)**

**Nutrition during Labor**

**Catheterization of the Laboring Woman**

**Pain Management of the Laboring Woman**

**IM, IV, Epidural**

**Labor Augmentation**

- Oxytocin
- Cervical

**Mag Sulfate**

**Turbeteline**

---

**22.5** At the completion of the prenatal unit, the student will be able to:

1. Evaluate and teach
   a. prenatal nutrition
   b. personal hygiene
   c. mental health
2. Calculate EDC
3. Drape for vaginal examination
4. Perform over-all assessment of the prenatal client
5. Chart all pertinent information
6. Prepare for patient teaching

---

**22.5** At the completion of the labor and delivery unit, the student will be able to:

1. Recognize signs of labor
2. Perform nitrazine testing
3. Assemble IV equipment and monitor IV and blood therapy
4. Perform catheterization of a female client in labor
5. Perform Leopold’s maneuvers
6. Apply external fetal and maternal monitoring electrodes and evaluate results
7. Estimate and evaluate height and consistency of the fundus
8. Position the laboring woman
9. Recognize and utilize safety nursing measures specific to the OB area
   a. Prolapsed cord - change position
   b. Relaxed fundus – massage
   c. Neonatal aspiration – bulb syringe, change position
   d. Precipitate labor – BOA pack
   e. Medication antidotes
   f. Abnormalities noted on fetal monitor
10. Teach breathing exercise to the laboring client
11. Prep, position, and drape for vaginal delivery (shaving, Foley, etc)
12. Observe the role of the circulating and delivery room nurse
13. Demonstrate immediate newborn physical assessment and care - Apgar score, newborn eye care, weight in grams and pounds, length in cm and inches,
Module 5  Post Partum

Postpartal Assessment: BUBBLE HE
(Breast, Uterus, Bladder, Lochia, Episiotomy, Homan’s Sign, Elimination)

Breast Milk Expression, Breast Feeding
Mastitis – Ice Pack, Warm Pack

Patient Teaching

Post Partum Medications administration: IM Rhogam Rubella,
Simethicone, FeSo4, MVI, Phenobarb
IM Contraceptive, Family Planning

22.5

At the completion of the postpartum, unit the student will be able to:

1. Assess the post partum client
2. Provide post operative nursing care for the post partum client
3. Demonstrate use of the:
   a. breast pump
   b. heparin lock
4. Perform:
   a. breast examination
   b. Homan’s sign
   c. fundus - positon
   d. lochia check
   e. Catheter care – discontinue, collect specimen for C&S
   f. Sterile dressing change
5. Discuss methods of family planning
6. Calculate and administer doses of medications as ordered
7. Read and carry out standing orders as noted
8. Utilize the complete OB chart as a method of assisting in the assessment of the OB client
9. Instruct the post partum client on:
   a. care of the neonate
   b. breast self examination
   c. post partum nutrition and exercises
   d. personal hygiene
   e. breast and bottle feeding
   f. cancer detection
10. SOAP chart all pertinent assessments

Module 6  (Care of the Newborn)

22.5

At the completion of the neonate unit, the student will be able to:

1. Assist in the determination of the apgar score of the newborn
2. Assist in the assessment of the gestational
**Gestational Age Assessment**

**Babinski in Newborn**

**Cord Care**

**Infant Feeding**

**Newborn medication administration:** IM vit K

Erythromycin/Tetracycline Eye Ointment

IM Hepatitis B

Triple Blue Dye

Surfactant

Bili Lights, Exchange Transfusions, PKU, Heel Sticks,

Occult Stool tests, Hearing Screening, Abdominal Girth, Urinalysis.

**Module 7**

**Health Issues**

22.5

**Contraceptives**

**STD Agents**

**HRT**

**Anticipatory Guidance**

At the completion of this module the student will be able to:

1. Assist in the assessment of the client for contraceptives
2. Assist in the administration of contraceptives as ordered
3. Assist in the evaluate and management of clients for STD
4. Assist in the management of clients requiring HRT
5. Assist in the teaching of the clients

**Total Lab hours** 135

*Total lecture and laboratory hours (which include the final examination) must equal totals on page 1.

**Bloom’s Taxonomy**

</tbody>
</table>

### 3. SUPPLEMENTARY READINGS:

Reading assignments may include, but are not limited to the following:

<table>
<thead>
<tr>
<th>Reading Assignment</th>
</tr>
</thead>
<tbody>
<tr>
<td>ALFARO, APPLYING THE NURSING PROCESS J.P.LIPPINCOTT, OREM’S SELF-CARE DEMANDS</td>
</tr>
</tbody>
</table>

### 4. WRITING ASSIGNMENTS:

Title 5, section 55002 requires grades to be “based on demonstrated proficiency in subject matter and the ability to demonstrate that proficiency, at least in part, by means of essays or, in courses where the curriculum committee deems them to be appropriate, by problem solving exercises or skills demonstrations by students.” Writing assignments in this course may include, but are not limited to the following:

<table>
<thead>
<tr>
<th>Assignment</th>
</tr>
</thead>
<tbody>
<tr>
<td>NURSING CARE PLANS UTILIZING CONCEPTUAL FRAMEWORK</td>
</tr>
</tbody>
</table>
5. REPRESENTATIVE OUTSIDE ASSIGNMENTS:
Out of class assignments may include, but are not limited to the following:

COMPUTER PROGRAMS

6. REPRESENTATIVE ASSIGNMENTS THAT DEMONSTRATE CRITICAL THINKING:

Title 5, section 55002(a) requires that a degree-applicable course have a level of rigor that includes “critical thinking and the understanding and application of concepts determined by the curriculum committee to be at college level”. Critical thinking may include, but is not limited to analysis, synthesis, and evaluation. Provide examples of assignments that demonstrate critical thinking.

FORMULATING OF NURSING DIAGNOSES UTILIZING CRITICAL THINKING

7. METHODS OF EVALUATION:

Title 5, section 55002 requires grades to be “based on demonstrated proficiency in subject matter and the ability to demonstrate that proficiency, at least in part, by means of essays, or, in courses where the curriculum committee deems them to be appropriate, by problem solving exercises or skills demonstrations by students.” Methods of evaluation may include, but are not limited to the following (please note that evaluation should measure the outcomes detailed “Course Objectives” at the beginning of Sec II):

MODULE TESTS, FINAL EXAM, ATI EXAM, NURSING CARE PLANS

8. METHODS OF INSTRUCTION:

Methods of instruction may include, but are not limited to the following:

- Lecture
- Discussion
- Laboratory
- Activity
- Field Experience
- Independent Study
- Other (explain)

9. SUPPLIES:

List the supplies the student must provide.

TEXT BOOKS, ATI BOOKS

10. COMPUTER COMPETENCY:

If applicable, explain how computer competency is included in the course.

CRITICAL THINKING COMPUTER PROGRAM IN LEARNING CENTER
11. INFORMATION COMPETENCY:

Information competency is the ability to find, evaluate use, and communicate information in all its various formats. It combines aspects of library literacy, research methods and technological literacy. Information competency includes consideration of the ethical and legal implications and requires the application of both critical thinking and communications skills. If applicable, explain how information competency is included in the course.

CRITICAL THINKING COMPUTER PROGRAM AVAILABLE IN COMPUTER ROOM.

12. DIVERSITY:

If applicable, explain how diversity (e.g., cultural, gender, etc.) is included in the course.

CULTURAL ASPECTS ARE AN INTEGRAL PART OF CLIENT NURSING CARE (REFER TO OBJECTIVES)

13. SCANS COMPETENCIES (required for all courses with vocational TOP Codes; recommended for all courses):

SCANS (Secretary’s Commission on Necessary Skills) are skills the Department of Labor identified, in consultation with business and industry leaders, which reflect the skills necessary for success in the workplace. Check the appropriate boxes to indicate the areas where students will develop the following skills (please note that all SCANS competencies do not apply to all courses):

RESOURCES

☒ Managing Time: Selecting relevant goal-related activities, ranking them in order of importance, allocating time to activities, and understanding, preparing and following schedules.

☐ Managing Money: Using or preparing budgets, including making cost and revenue forecasts; keeping detailed records to track budget performance, and making appropriate adjustments.

☐ Managing Material and Facility Resources: Acquiring, storing, allocating, and distributing materials, supplies, parts, equipment, space or final products in order to make the best use of them.

INTERPERSONAL

☒ Participating as Member of a Team: Working cooperatively with others and contributing to group’s efforts with ideas, suggestions and effort.

☐ Teaching Others New Skills: Helping others learn needed knowledge and skills.

☐ Exercising Leadership: Communicating thoughts, feelings, and ideas to justify a position, encouraging, persuading, convincing or otherwise motivating an individual or group, including responsibly challenging existing procedures, policies or authority.

☐ Negotiating: Working toward agreement that may involve exchanging specific resources or resolving divergent interests.

☒ Working with Cultural Diversity: Working well with men and women and with people from a variety of ethnic, social, or educational backgrounds.

INFORMATION

☒ Acquiring and Evaluating Information: Identifying a need for data, obtaining the data from existing sources or creating them, and evaluating their relevance and accuracy.

☒ Organizing and Maintaining Information: Organizing, processing and maintaining written or computerized records and other forms of information in a systematic fashion.
Interpreting and Communicating Information: Selecting and analyzing information and communicating the results of others, using oral, written, graphic, pictorial, or multimedia methods.

Using Computers to Process Information: Employing computers to acquire, organize, analyze and communicate information.

SYSTEMS

Understanding Systems: Knowing how social, organizational and technological systems work and operating effectively with them.

Monitoring and Correcting Performance: Distinguishing trends, predicting impacts of actions on system operations, diagnosing deviations in the functioning of a system/organization, and taking necessary steps to correct performance.

Improving or Designs Systems: Making suggestions to modify existing systems in order to improve the quality of products or services and developing new or alternative systems.

TECHNOLOGY

Selecting Technology: Judging which sets of procedures, tools or machines, including computers and their programs, will produce the desired results.

Applying Technology to Tasks: Understanding overall intent and proper procedures for setting up and operating machines, including computers and their reprogramming systems.

Maintaining and Troubleshooting Equipment: Preventing, identifying, or solving problems with equipment, including computers and other technologies.
Section III: RELATIONSHIP TO COLLEGE PROGRAMS

1. THIS COURSE WILL BE AN APPROVED REQUIREMENT FOR AN APPROVED ASSOCIATE DEGREE OR CERTIFICATE PROGRAM: No

   a. If yes, the course will be a Not applicable portion of the “approved program” listed on the State Chancellor’s Inventory of Approved Programs (approved programs can be found on the State Chancellor’s Office website at http://misweb.cccco.edu/esed/webproginv/prod/invmenu.htm

   NOTE: In order for a course to be approved as a requirement for an associate degree or certificate program, the program must be listed on the State Chancellor’s Office Inventory of Approved Programs AND the course must be listed in the college catalog as either a requirement or an elective for the program. If course is not part of an approved program at the college adopting the course, it will be considered to be a “stand-alone” course, and is subject to the State Chancellor’s approval criteria. The college must complete and submit the Chancellor’s Office “APPLICATION FOR APPROVAL OF CREDIT” form. Certain courses are granted “blanket approval” by the State Chancellor’s Office and do not require separate approval. See the Chancellor’s Office Program and Course Approval Handbook for details. LACCD Skills Certificates are not State approved programs and are not listed on the Chancellor’s Office Inventory of Approved Programs.

2. GENERAL EDUCATION REQUIREMENTS FOR THE ASSOCIATE DEGREE STATUS:

   a. Area requested: None Approval date:

      If applicable, provide an explanation of how the course meets the General Education parameters for one of the five general education areas – Natural Sciences, Social and Behavioral Sciences, Humanities, Language and Rationality, Health and Physical Education – contained in Board Rule 6201.14 - General Education Requirements. http://marlin.laccd.edu/district/BoardRules_AdmRegs/boardrules.htm

   a. 2nd Area requested: None Approval date:

      If applicable, provide an explanation of how the course meets General Education parameters for an additional general education area – Natural Sciences, Social and Behavioral Sciences, Humanities, Language and Rationality, Health and Physical Education – contained in Board Rule 6201.14 - General Education Requirements. http://marlin.laccd.edu/district/BoardRules_AdmRegs/boardrules.htm
Section IV: ARTICULATION INFORMATION
(Complete in consultation with College Articulation Officer)

1. TRANSFER STATUS:
   a. Transferable to the University of California:   
   b. UC approval date: 
   c. Transferable to the California State University:  
   d. College approval date:

2. GENERAL EDUCATION FOR TRANSFER:
   IGETC Certification:  
   a. Area requested: None   
   b. Date requested:  
   c. IGETC approval date: 
   If applicable, provide an explanation of how the course meets the appropriate General Education parameters, as defined in IGETC Certification Guidelines.

   CSU Certification: 
   a. Area requested: None  
   b. Date requested:  
   c. CSU approval date: 
   If applicable, provide an explanation of how the course meets the appropriate General Education parameters, as defined in CSU Certification Guidelines.

   a. 2nd Area requested: None 
   b. Date requested:  
   c. IGETC approval date: 
   If applicable, provide an explanation of how the course meets the appropriate General Education parameters, as defined in IGETC Certification Guidelines.

   a. 2nd Area requested: None  
   b. Date requested:  
   c. CSU approval date: 
   If applicable, provide an explanation of how the course meets the appropriate General Education parameters, as defined in CSU Certification Guidelines.

3. MAJOR REQUIREMENT FOR TRANSFER – Will this course be articulated to meet lower division major requirements? NO
   List college/university and the majors:

<table>
<thead>
<tr>
<th>College/University</th>
<th>Major(s)</th>
</tr>
</thead>
</table>

   CAN NUMBER: CAN SEQUENCE NUMBER:
   CAN Approval -- Date requested:   Date approved:  

Approved 12/13/02
Revised 5/28/2004
Section V: SUPPLEMENTAL COURSE INFORMATION

1. DEPARTMENT/DIVISION NAME: NURSING

2. DEPARTMENT/DIVISION CODE: 5

3. SUBJECT CODE -- 3 characters, assigned by District Office: 673 (existing subject codes are available on the LACCD web site at http://www.laccd.edu/curriculum/directory-programs-courses/index.htm

4. SUBJECT ABBREVIATION -- 7 characters, assigned by District Office: REGNRSG

5. SPC CODE -- 3 characters, assigned by District Office:

6. ABBREVIATION FOR TRANSCRIPTS -- 20 characters, assigned by District Office: REGNRSG

7. DEGREE CREDIT: Indicate whether the course meet the "standards for approval" for degree credit course set forth in Title 5, section 55002(a)(2), which requires the course to have a degree of intensity, difficulty, and vocabulary that the curriculum committee has determined to be at the college level:

   This course is Degree Applicable

8. CREDIT/NO CREDIT GRADING: No

9. REPETITIONS -- Number of times course may be repeated for credit (three maximum): 01

   How does the repetition of this course meet Title 5, section 58161 requirements? A course may be repeatable when, "course content differs each time it is offered, and that the student who repeats it is gaining an expanded educational experience for one of the following reasons: (A) Skills or proficiencies are enhanced by supervised repetition and practice within class periods; or (B) Active participatory experience in individual study or group assignments is the basic means by which learning objectives are obtained."

10. PRIOR TO TRANSFERABLE LEVEL -- This course attribute applies to English, writing, ESL, reading and mathematics courses ONLY. If applicable, indicate how many levels below the transferable level this course should be placed: Not applicable

11. CREDIT BASIC SKILLS -- Title 5, section 55502(d) defines basic skills as “courses in reading, writing, computation, and English as a Second Language, which are designated as non-degree credit courses pursuant to Title 5, section 55002(b).” No If Yes, course must be non-degree applicable.

12. CROSS REFERENCE -- Is this course listed as equivalent in content to existing College/District courses in another discipline? No

   If Yes, list courses (documentation of cross-discipline agreement must be provided):

   [Blank space for course listing]
13. COURSE SPECIFICALLY DESIGNED FOR STUDENTS WITH DISABILITIES -- Title 5, section 56029 allows a course to be repeatable when continuing success of the students with disabilities is dependent on additional repetitions of a specific class. Is this course designated as an “approved special class” for students with disabilities? No

If yes, provide an explanation of how this course meets the requirements of Title 5, section 56029.

14. COOPERATIVE EDUCATION STATUS -- Title 5, section 55252 allows for two types of Cooperative Education: 1) General Work Experience Education -- i.e., supervised employment, which is intended to assist students in acquiring desirable work habits, attitudes and career awareness, which need not be related to the students' educational goals; or 2) Occupational Work Experience Education -- i.e., supervised employment, extending classroom based occupational learning at an on-the-job learning station, which is related to the students’ educational or occupational goal. Is this course part of the college’s approved cooperative work experience education program? No

15. COURSE CLASSIFICATION:uner

Note: A course’s Classification, TOP Code and SAM code must be aligned – e.g., Courses with an "Occupational" Course Classification must have an "Occupational" TOP Code and a SAM Code of A, B, C, or D; courses that do not have an "Occupational" Course Classification cannot have an Occupational TOP Code and must have an “E” SAM Code. Courses coded as “basic skills” in #11 should be coded “Adult and Secondary Basic Skills.”

16. TOP CODE – (6 digits XXXX.XX) 1203.00

Course content should match discipline description in Taxonomy of Programs found at www.cccco.edu/cccco/esed/curric/curriculum.htm.

17. SAM CODE (Student Accountability Model): 

SAM Codes (see CCC Chancellor’s Office Student Accountability Model Operations Manual, 1984) should be assigned as follows:

Priority "A" -- Apprenticeship: Courses designed for an indentured apprentice must have the approval of the State of California, Department of Industrial Relations Department, Division of Apprenticeship Standards.

Priority "B" -- Advanced Occupational: Courses taken by students in the advanced stages of their occupational programs. Courses should be offered in one specific occupational area only. Priority letter “B” should be assigned sparingly; in most cases, no more than two courses in any one program should be labeled “B.” “B”-level courses must have Priority “C” prerequisites in the same program area.

Priority "C" -- Clearly Occupational: Courses generally taken by students in the middle stages of their programs should have a difficulty level sufficient to detract “drop-ins.” Courses may be offered in several occupational programs within a broad area. The “C” priority, however, should also be used for courses within a specific program area when the criteria for “B” classification are not met. A “C”-level course should provide the student with entry-level job skills.

Priority "D" -- Possibly Occupational: “D” courses are those taken by students in the beginning stages of their occupational programs. The “D” priority can also be used for service (or survey) courses for other occupational programs.

Priority "E" -- Non-occupational.
SECTION VI: APPROVAL STATUS

1. APPROVAL STATUS:
   a. ☐ New Course . Board Approval Date: . Effective Semester:
   b. ☐ Addition of Existing District Course . College Approval Date: . Effective Semester:
   c. ☐ Course Change* . College Approval Date: . Effective Semester:
   d. ☑ Outline Update . College Approval Date:

* Changes to a course require the completion of a “Course Change Request” form and approval by the college’s Curriculum Committee. In some cases districtwide approval is also required; see, Administrative Regulation E-65, section 3(c) for details.

SECTION VII: APPROVAL INFORMATION FOR NEW OR ADDED COURSES
(complete in consultation with Department Chair and the appropriate Academic Administrator)

N/A—EXISTING COURSE

1. ORIGINATOR:

2. DEPARTMENT:

3. IF THIS IS A NEW COURSE, INDICATE HOW THE COLLEGE PLANS TO MEET THE EXPENSE OF THIS COURSE:
   ☐ By additional funds. Describe:

   ☐ By deleting courses from the college catalog and course database. List specific courses to be deleted:

   ☐ By deleting sections of existing courses. List courses and number of sections to be deleted:
   
   First year: Second year: Third year:

   ☐ By rotating sections of existing courses. List courses and number of sections to be rotated, as well as the semesters in which they will be offered:

4. IMPACT -- Will this course directly impact other course offerings and/or associate degree or certificate programs on campus?
   No (If yes, briefly explain how)

5. METHOD OF SUPPORT -- Indicate how the college plans to support the proposed course:
   Additional staff -- List additional staff needed:
Classroom -- List classroom type needed:

Equipment -- List new equipment needed and indicate funding source for any new equipment:

Supplies- List supplies and indicate dollar value:

Library/Learning Resources- The course initiator shall consult with the College Librarian and review the college library, book, periodical, and electronic resource collections relevant to this course. List additional titles and resources to be considered for purchase as funding permits:

6. **APPROPRIATENESS TO MISSION**—Describe how the objectives of the proposed course are consistent with the mission of the community colleges as established by the Legislature in the Education Code. The course should also be congruent with the mission statement of the local college and district.

7. **NEED**—Demonstrate the need for the course that meets the stated objectives, at this time, and in the region.
LOS ANGELES COMMUNITY COLLEGE DISTRICT
COURSE STANDARDS AND CRITERIA

Subject: NURSING  Number: 506B  Course Title: Maternal and Child Health Nursing (Maternity Nursing)

Using the Official Course Outline, please determine whether or not the above listed credit course meets the following standards and criteria required in Title V, Part VI of the California Administrative Code, and which has been designated as appropriate to the Associate Degree. Place a (X) in the appropriate box.

A. Target Course Entry Skills: Nursing 506B, Maternal and Child Health Nursing (Maternity Nursing)

(For prerequisites/corequisites, list specific skills and/or knowledge necessary for students to succeed in the target class. For advisories, list skills/knowledge which will enrich or deepen the student's knowledge obtained from the course but without which the student may still succeed in the course. Attach additional sheet if necessary. NUMBER EACH SKILL.)

1. Plan for the NCLEX-RN exam.
3. Discuss appropriate documentation of assessment and nursing management of a client with health care deviations related to hazard.
4. Demonstrates competency in performing skills accurately and with minimal supervision.
5. Interpret the individual’s developmental stage, and the person being an integral part of cultural group, a family, and community.

B. Exit Skills Provided By Prerequisite/Corequisite/Advisory Course or Assessment: Nursing 502A, Medical-Surgical Nursing A

(List specific skills and/or knowledge that are the outcome of the prerequisite/corequisite/advisory course or assessment. For courses already in the curriculum, these should be present in the course objectives in the course outline. Attach additional sheet if necessary. NUMBER EACH SKILL.)

1. Plan for the NCLEX exam.
2. Identify activity and rest deficits in client with musculoskeletal disorders.
3. Describe the assessment of client receiving intravenous therapy.
5. Discuss nursing interventions for clients receiving medications in the home/and community settings.
6. Describe the care of client with health care deviations related to fluid deficits.
7. Discuss appropriate documentation of assessment of assessment and nursing management of a client with health care deviations related to hazard.
8. Demonstrates competency in performing skills accurately and with minimal supervision.
9. Interpret the individual’s developmental stage, and the person being an integral part of cultural group, a family, and community.
10. Interpret the roles and responsibilities of the nurse and other health care workers within the employment settings.
11. Demonstrate therapeutic communication based upon knowledge and techniques of interpersonal communication.
12. Practice accountability for own nursing practice within the profession’s ethical and legal framework.
13. Practice as a advocate based on patient needs.
14. Employ the body of knowledge from nursing, medical, biological, physical, and behavioral sciences in planning for health needs of individuals and family.
15. Assist client and development and use of self-care agency in maintaining their optimum level of wellness in primary, secondary, and tertiary settings.
**CONTENTS REVIEW SKILLS MATRIX FOR PREREQUISITE VALIDATION***

*Validation requires at least one match of each entry skill with any exit skill(s).
