Welcome to Los Angeles Southwest College’s Spring semester 2016. Whether you are continuing your enrollment from fall 2015, returning to campus after a brief “stop-out” or you are enrolling as a first-time student, we welcome you and appreciate your choice to attend our college. At Los Angeles Southwest College our faculty and staff are dedicated to your success, academic and personal. The college will soon begin preparations to celebrate its 50th year serving generations of students in South Los Angeles.

Once on campus, you will immediately see our new and renovated buildings that provide a welcoming on-campus experience for LASC students, faculty, staff and visitors. But once you step inside a classroom in one of our facilities or log on to one of our online classes, you will see where LASC is truly making a difference. Our dedicated faculty consistently push themselves to ensure that instruction is relevant, current, and challenging. I applaud them for their dedication because students who enroll in our college are making a decision that will not just make a difference in their individual lives but also in the lives of their families for generations to come. That is the significance of an Associate’s Degree or Certificate of Achievement in today’s social and economic environment. As you work toward the completion of either you are making an investment not just in yourself but also in the success of your family and our community.

If you decided to enroll in classes at LASC, I assure you that it is a wise decision. We have plenty of classes available to meet the requirements for your Associates Degree or Certificate of Achievement. Please join us to continue your journey or begin a new one!

How to Add a Closed Online Class

Go to the LASC website: [http://www.lasc.edu/index.html](http://www.lasc.edu/index.html) to register for the online class. If the class and the waitlist are full, refer to column #1 below. If you are not on the waitlist and the class is closed, refer to column #2 below:

1. Students On Waitlist

The instructor will contact students from the waitlist (at the beginning of the term only) if they decide to add additional students. There is no need for students on the waitlist to contact the instructor.

Instructors will only contact those students who are approved to add. If you are not contacted by the instructor during the first week of class, that means that the class is full and no additional students will be added. There is no need to contact the instructor. Look for alternative options for classes.

Due to the volume of requests received, only those students whose adds are approved will be contacted. If you are not contacted, you will not be added. There is no need to contact the instructor if your name is on the waitlist.

Faculty will only contact you via your district assigned email address.

2. Students Not on Waitlist

Do not contact the instructor to add a class prior to the first day of the semester.

On the first day of class, you must email the instructor and request to add the class (see required information below). Be aware that if instructors approve adds, they will draw from the waitlist first. It is highly unlikely that you will be added if you aren’t already on the waitlist. Look for alternative options for classes.

Please include the section number and term in the subject line of your email. You must also include your name, ID number and the following in the body of your email (I__Name___request to be added to your class.)

Due to the volume of requests received, only those students whose adds are approved will be contacted. If you are not contacted, you will not be added. There is no need to continue to contact the instructor once you submit a request to add a closed class.

Faculty will only contact you via your district assigned email address.
## STUDENTS

**WHAT TO CONSIDER AND EXPECT WHEN TAKING AN ONLINE CLASS**

All ONLINE classes and online portions of HYBRID classes are conducted through Etudes, a learning management system. Students must have access to a computer and appropriate software in order to register for an online class. In an online class, you are not required to meet in person, however, ALL instruction, interaction with peers and instructors are conducted using Etudes. (Note: A hybrid class has one or more class sessions online and can have up to 50% of the content and activities held online.) Before signing up for an online class, carefully consider the following:

1. **Due Dates**
   - All assignments, quizzes, tests, research papers, reading materials, and any other required material will have weekly deadlines that need to be met.

2. **Time Management**
   - Time management must be taken into consideration before taking an online class. Due dates are different for each class, but students should be aware that time spent online using a computer to complete assignments could take three (3) or more hours per week to successfully participate in an online course.

3. **Weekly Discussions**
   - You may be required to review and to respond to questions presented by your instructor.
   - You may be asked to respond to peers in the same forum.

4. **Online Weekly Assignments**
   - Assignments online are similar to those done in a face-to-face class.
   - Weekly homework is to be expected.

5. **Online Weekly Quizzes**
   - Most online classes require students to take quizzes/tests throughout the semester. These tests are administered via Etudes and are taken online using a computer.
   - Some quizzes/tests are timed.

6. **Team Assignments**
   - Teams may be asked to work together on assignments within the class online site for the course. You, as well as the members of your team, will be responsible for working together and completing any assigned task.

### Reading Material and Syllabus

On the first day of class, instructors will draw from the waitlist first, if they have a waitlist. Meanwhile, look for alternative options for classes. Only those students whose adds are approved will be contacted. If you are not contacted, you will not be added. Do not contact the instructor.
Student Success and Support Programs

Matriculation is a process that assists a student in achieving his or her education goals. It is an agreement between the college and student who enrolls for credit and non-credit courses. We ask that you participate in a partnership with us to ensure your educational success.

Step 1 – Apply for Admissions
Submit a complete Application for Admission online at www.lasc.edu. Your application will be processed within 48-72 hours after it has been submitted. You will receive an email that explains your next steps. **NOTE:** You will receive a district issued email once you have been admitted. We will notify you that you have been admitted via your personal email address; however, once you have been admitted, we will only correspond via your district issued email address. Check your email regularly.

Step 2 – Attend an Orientation
**COMPLETE THE IN-PERSON ORIENTATION.** During orientation you will receive information regarding campus resources and programs. Important policies and procedures of the college will also be covered. Please bring your issued student ID number. You must obtain proof that you have completed Orientation before you can take the Math and English assessment tests. A campus tour of important student resource centers is included. Please allow approximately two hours to complete the orientation. You are required to wait at least one day between Orientation and Assessment.

Step 3 – Go to the Assessment Center (SSB-204)
Trained staff will help you through the matriculation process. You may be asked to take the assessment test. No children are allowed in the testing area. You must obtain proof that you have taken the assessment test before you can meet with a counselor.

Step 4 – See a Counselor (SSB-227)
You must see a counselor for assistance with completing your student educational plan. Counselors will help you select appropriate classes that meet your educational goal(s) and inform you about the limitations and adverse effects of withdrawals and course repeats. No appointment is necessary.

Step 5 – Register for Classes
You must register online at www.lasc.edu. For your convenience, detailed registration instructions are posted on page 7 in the Schedule of Classes.

Step 6 – Apply for a Fee Waiver to Pay Your Fees
Go to the Financial Aid Office, SSB-104, to apply for a fee waiver. If you qualify, the waiver can be used to pay for your fees for the entire academic year. If you do not qualify, you will need to go to the Business Office to pay your fees. Fees are due once the semester begins.

Step 7 – Take your Student I.D. Picture
Once you have registered for class(es) you are eligible to receive a free student I.D. card. You must bring your printout from the Business Office, which lists your classes along with your student I.D. number and a photo I.D. (Driver's license or California I.D.) to SSB-204.

Matriculation Exemptions:
Some students might be exempt from matriculation. However, for students who have long-range educational objectives, and who have little or no previous college experience, full matriculation is strongly recommended. You may be exempt from the matriculation process if any of the following conditions apply to you:

- You already have an associate degree or higher.
- You have completed college-level English and math classes at another college.
- You have taken the assessment test at another college within one year.
- You want to take a class for personal enrichment.

If you wish to request exemption from matriculation, consult a counselor to see if you are eligible.

Programas de Apoyo y Éxito Estudiantil

Derechos y Responsabilidades Del Estudiante
El proceso de matriculación ayuda a los estudiantes a alcanzar sus metas educativas. Es un acuerdo entre el colegio y el estudiante quien se inscribe en clases con o sin crédito. Le pedimos que participe en una alianza con nosotros para asegurar su éxito educativo.

Paso 1 – Solicitar la admisión
Enviar una aplicación completa de admisión en línea en www.lasc.edu. Su aplicación será procesada dentro de 48-72 horas después de su petición. Usted recibirá un correo electrónico que explica los siguientes pasos a seguir.

Paso 2 – Asistir a una orientación
COMPLETAR LA ORIENTACION EN PERSONA. Durante la orientación, usted recibirá información sobre los recursos y los programas del colegio. Políticas y procedimientos importantes del colegio también estarán cubiertos. Por favor de traer su numero de identificación estudiantil. Usted debe obtener un comprobante de que ha completado la orientación antes de tomar la evaluación de inglés y matemáticas. Se incluye un recorrido del campus de importantes centros de recursos estudiantiles. La orientación toma aproximadamente dos horas. Necesita un día de espera entre la orientación y evaluación.

Paso 3 – Ir al Centro de Evaluación
El Centro de Evaluación se encuentra en SSB-204. Personal capacitado le ayudará en el proceso de registro. Se le puede pedir que tome la prueba de colocación. No se admiten niños en el área de pruebas. Usted debe obtener una prueba de que usted haya tomado la prueba de evaluación antes de que pueda reunirse con un consejero.

Paso 4 – Ver a un consejero (SSB-227)
Usted debe ver a un consejero para asistencia en completar su plan educacional de estudiante. Los consejeros le ayudarán a seleccionar las clases adecuadas para cumplir su objetivo (s) educativo (s) y le informarán sobre las limitaciones y los efectos adversos de los retiros y repeticiones de cursos.

Paso 5 – Inscribirse en las clases
Usted debe registrarse en línea en www.lasc.edu. Para su comodidad, instrucciones detalladas de inscripción están publicados en la página 7 en el horario de clases.

Paso 6 – Solicitar una exención pago (Fee Waiver) de inscripciones
Vaya a la oficina de ayuda financiera, SSB-104, para solicitar una exención de cuotas. Si usted califica, la exención puede ser utilizada para pagar sus cuotas de todo el año académico. Si usted no califica, usted tendrá que ir a la oficina de negocios para pagar sus cuotas de registración. Las tarifas se deben pagar una vez que comience el semestre.

Paso 7 – Obtener su identificación de estudiante
Una vez que se haya registrado a clase(s) usted es elegible para recibir una identificación de estudiante gratis de LASC. Usted tiene que traer su recibo que enlista el horario de sus clases y su numero de estudiante la oficina de Negocios y una identificación con foto (Licencia de conducir o ID de California) a la oficina SSB-204

Las exenciones de matrícula:
Algunos estudiantes podrían estar exentos del proceso de matriculación. Sin embargo, para los estudiantes que tienen objetivos de educación a largo plazo, y que tienen poco o nada de experiencia previa en la universidad, la prueba de evaluación es muy recomendable. Usted puede estar exento del proceso de evaluación si alguna de las siguientes condiciones se aplica a usted:

• Usted ya tiene una carrera de dos años o más
• Usted ha completado clases de inglés y matemáticas a nivel universitario en otro colegio.
• Usted ha tomado el examen de evaluación en otro colegio entre un año.
• Usted desea tomar una clase para el enriquecimiento personal.

Si desea solicitar la exención del proceso de matriculación, consulte a un consejero para ver si usted es elegible.

NON-RESIDENT TUITION EXEMPTION (AB540)

AB 540 was signed into California law on October 12, 2001 to authorize students who meet certain criteria to pay "in state" or "resident's" tuition rates (only $46 per unit at Los Angeles Southwest College). This includes undocumented students. To be eligible, students must:

1. Have attended a California high school for three or more years (9th grade counts).
2. Have graduated from a California high school or obtained the equivalent of a high school diploma (how long ago does not matter).
3. Be willing to apply for legal residency as soon as possible.

To take advantage of this lower tuition rate, simply fill out the AB540 Exemption Form available in the Admissions and Records Office and Bridges to Success. There is no maximum number of years for which you can receive this lowered tuition rate. For more information, call (323) 241-5321 or (en Español) (323) 241-5281. **NOTE:** Effective Summer 2013, AB540 students are eligible to apply for and receive non-state funded scholarships and state funded financial aid and grants (See Financial Aid for more information).

NON-RESIDENT STUDENTS

Starting in summer 2009, undocumented students who do NOT qualify for the AB 540 tuition exemption shall be entitled to exemption from nonresident fees on the basis of individual financial need in accordance with regulations adopted by the Chancellor (LACCD Board Rule 8100.15). If the students meet the eligibility requirements on the Nonresident Tuition Fee Waiver (available in Admissions and Records, Financial Aid and Bridges to Success), they may be eligible to receive a nonresident tuition exemption and ONLY pay the current enrollment fee of $46 per unit. Undocumented students do not qualify for state or federal financial aid.

EXONERACIÓN DEL PAGO DE MATRÍCULA COMO NO RESIDENTE (AB540)

La ley AB540 fue firmada en California el 12 de octubre de 2001 para permitir que estudiantes que cumplan con ciertos requisitos sean exentos de los pagos de matrícula como no residentes y solamente paguen la cuota de inscripción actualmente de $46 por unidad en Los Angeles Southwest College. Esta ley incluye a estudiantes indocumentados. Para ser elegibles, los estudiantes deben cumplir con los siguientes requisitos:

1. Haber asistido a una escuela preparatoria (high school) en California por un mínimo de tres años (el 9º grado también cuenta)
2. Haberse graduado de una preparatoria en California o haber obtenido un certificado equivalente al diploma de preparatoria como el GED (no importa cuando lo obtuvo)
3. Estar de acuerdo en aplicar para residencia legal tan pronto como sea posible.

Para tomar ventaja de esta oportunidad y pagar solo $46 por unidad, simplemente complete la forma AB540 en la Oficina de Admisiones y Registros y el Centro Puentes al Éxito. No hay límite de años en los cuales usted puede aprovechar esta oportunidad. Para más información llame al (323) 241-5281.

Nota: Comenzando con el semestre de primavera 2013, los estudiantes AB540 son elegibles para solicitar becas no gubernamentales al igual que ayuda financiera estatal. (Vaya a la oficina de ayuda financiera para más información).

NON-RESIDENT TUITION EXEMPTION FOR ELIGIBLE CHILDREN OF DEPORTED OR VOLUNTARILY DEPARTED PARENTS (SB141)

SB 141, which became effective on January 1, 2014, and added Education Code section 76140(a)(5), requires districts to exempt from nonresident tuition a student who is a United States citizen and who resides in a foreign country, if he/she meets specified criteria. SB 141 does not grant residency, but exempts a qualified student from paying nonresident tuition. To be eligible, students must:

1. Demonstrate a financial need for the exemption.
2. Have a parent or guardian who has been deported or was permitted to depart voluntarily under the federal Immigration and Nationality Act in accordance with Section 1229c of Title 8 of the United States Code. The student shall provide documents from the United States Citizenship and Immigration Services evidencing the deportation or voluntary departure of his or her parent or guardian.
3. Have moved abroad as a result of the deportation or voluntary departure specified in subparagraph (B).
4. Have lived in California immediately before moving abroad. The student shall provide information and evidence that demonstrates the student previously lived in California.
5. Have attended a public or private secondary school (i.e., a high school, trade school, or adult school) in the state for three or more years. The student shall provide documents that demonstrate his or her secondary school attendance.
6. Upon Enrollmen, be in his or her first academic year as a matriculated student in California public higher education (i.e., a campus of the California community colleges, California State University, or University of California) and will file an affidavit with the institution stating that he or she intends to establish residency in California as soon as possible.

Eligibility for Federal and State Aid

1. SB 141 students, as U.S. citizens, may apply and qualify for federal financial assistance (e.g. Pell Grants, Federal Supplemental Educational Opportunity Grant (FSEOG), and federal student loans).
2. Until they establish California residency, SB 141 students do not become residents for eligibility purposes for any state-funded program (e.g. BOG Fee Waiver, etc.).

Apportionment

The colleges may claim state apportionment for FTES generated by students exempted pursuant to SB 141, and their attendance should be reported as resident FTES for apportionment purposes.

K-12 STUDENTS SPECIAL ADMISSION

Los Angeles Southwest College may permit the admission of K-12 students who in the opinion of the President or designee, can benefit from instruction. Approval of the appropriate principal, high school counselor and parent (or guardian) is required for all K-12 applicants. Additional approval of the Dean of Student Services is required for all applicants ages 14 and under. The intent of this program is to provide educational enrichment opportunities for a limited number of eligible 9th through 12th grade students who fulfill special admissions standards.

The college reserves the right to exclude or limit enrollment into impacted programs and in other programs where health, safety, instructional methodology, facility constraints, or legal requirements are deemed inappropriate for special admission students. Special admission students must conform to the College's academic rules and regulations and the code of conduct expected of all college students. Some fees may be required.

K-12 students must complete the supplemental application for high school students and the LASC Application for Admission. The application can be processed online at www.lasc.edu (click on the Apply for Admission link), and the supplemental application can be downloaded from our college website at www.lasc.edu, click on the “Admission” link in the menu, and then click on "High School Students" in the sub-menu. Print the Supplemental application and make sure you obtain all necessary signatures and approvals. The student must bring the completed form along with a photo I.D. to the Admissions and Records Office, SSB-102, for processing prior to the start of the semester.

FEE EXEMPTION FOR SPECIAL PART-TIME STUDENTS, GRADE K-12

Students admitted as special part-time students grade K-12 and enrolling in 11 or fewer units are exempt from enrollment fees for all terms. Nonresident students who are enrolled in fewer than 6 units are exempt from enrollment fees. Students enrolled in more than 11 units will be charged enrollment fees.

IMPORTANT REGULATIONS

Please note: The Census date is a date in which all enrollment at LASC is counted and reported to our District Office in order to determine our campus funding (apportionment). The Spring 2016 Census date is February 22, 2016.

1. All courses must be added by the census date.

2. All courses must be dropped before the census date to avoid receiving a “W” grade (receipt of “W” grades in the same course will have further consequences). The period of time to drop a course without record of enrollment has been reduced. The deadline to drop without receiving a “W” grade now occurs before the census date. Drops that occur on or after the census date will result in a “W” grade.
   - This should encourage you to make a decision to drop a class earlier
   - This will provide faculty with the ability to make add decisions sooner (which may allow more students to be added).
   - Adding courses by census increases the number of students counted in apportionment.

3. Students receiving a satisfactory grade may repeat the same course due to extenuating circumstances.
   a. Due to legally mandated training – if necessary to meet legally mandated training requirements as a condition of paid or volunteer employment.
   b. Course is a special course for students with disabilities, which the student needs to repeat for one of the reasons described in section 56029 of the California Code.
   c. Recency - student is required to have taken the course within the past five years for admission to a college program.
   d. Extenuating circumstances – documentation is provided to show that previous grade was, at least in part, the result of extenuating circumstances.

5. The Board of Governors adopted regulations that limit apportionment for enrollment in a single course to three enrollments for any credit courses, taken within the Los Angeles Community College District except for courses identified as “repeatable,” such as Kinesiology and performing arts, in accordance with Title 5, section 55041, subdivision (c).

6. The Board of Governors approved changes that will establish system-wide enrollment priorities designed to ensure classes are available for students seeking job training, degree attainment or transfer and to reward students who make progress toward their educational goals. Beginning in fall 2014, new students who have completed college orientation, assessment and developed education plans as well as continuing students in good academic standing who have not exceeded 100 units will have priority over students who do not meet these criteria.

**Enrollment occurs when you receive an evaluative (letter grade) or nonevaluative (“W”) symbol, pursuant to Section 55023. You will not be able to add courses in which you have three prior attempts with record of enrollments (“W”, NP, NC, D, or F grades).

All credit course repeats and withdrawals in your enrollment history in the LACCD will be counted toward the new limit, regardless of when you took the course. If you need to repeat a course in which you have three or more records of enrollment:
- You may take the course outside of the Los Angeles Community College District.
- You may petition to retake the course within the district (subject to certain conditions) with extenuating circumstances – this fourth repeat will not count in apportionment.

**WHAT SHOULD YOU DO?**
- Be sure that you are academically prepared for classes that you enroll in (See a Counselor).
- If you must drop a course, drop it before the specified deadline for dropping a class without a grade of “W”.
- See a counselor before making decisions that could affect your education plan.
- See financial aid before making decisions that may affect your financial aid.
- Register for classes on your assigned registration appointment time.
- Read your email from the campus – it is sent to your District Assigned Email Address ONLY!
- New students should be sure to complete the matriculation process in order to obtain higher registration priority.
No course or student is exempt from the Final Examination. Any Change from this schedule must be approved by the Office of Academic Affairs by May 26, 2016. All classes are to meet on a regular basis through Monday, May 30, 2016.

Students in Kinesiology classes that begin before 7:45 a.m. will meet for their final exam at the regularly scheduled class time.

### Saturday Class final Exam will be given at the scheduled class time on Saturday, June 4, 2016.

Concepts, computational skills and problem-solving skills are introduced and practiced to build mastery and proficiency.

Math 125 (5 Units) – Intermediate Algebra
The equivalent of 2nd year high school algebra, done in one semester. To earn a bachelor's degree at a CSU, students must either pass a CSU math test beyond the Math 125 level or take a math course beyond Math 125.

Math 115 (5 Units) – Elementary Algebra
This is the equivalent of 1st year high school algebra, done in one semester required for an A.A. degree (may be taken by exam).

Math 122 (5 Units) – Intermediate Algebra for Statistics (General Education)
Math 122 is designed as the prerequisite course for students (Liberal and Social Science majors) who are required to complete Math 227 (Statistics) for transfer.
