NON-RESIDENT TUITION EXEMPTION (AB540)

AB 540 was signed into California law on October 12, 2001 to authorize students who meet certain criteria to pay “in state” or “resident’s” tuition rates (only $36 per unit at Los Angeles Southwest College). This includes undocumented students. To be eligible, students must:

- Have attended a California high school for three or more years (9th grade counts)
- Have graduated from a California high school or obtained the equivalent of a high school diploma (how long-ago does not matter)
- Be willing to apply for legal residency as soon as possible

To take advantage of this lower tuition rate, simply fill out the AB540 Exemption Form available in the Admissions Office and Bridges to Success. There is no maximum number of years for which you can receive this lowered tuition rate. For more information, call (323) 241-5321 or (323) 241-5281. NOTE: Effective Fall 2013, AB540 students are eligible to apply for and receive non-state funded scholarships and state funded financial aid and grants (See Financial Aid for more information).

NON-RESIDENT STUDENTS

Starting with the summer 2009 undocumented students who do NOT qualify for the AB 540 tuition exemption shall be entitled to exemption from nonresident fees on the basis of individual financial need in accordance with regulations adopted by the Chancellor (LACCD Board Rule 8100.15). If the students meet the eligibility requirements on the Nonresident Tuition Fee Waiver (available in Admissions and Records, Financial Aid and Bridges to Success), they may be eligible to receive a nonresident tuition exemption and ONLY pay the current enrollment fee of $36 per unit. Undocumented students do not qualify for state or federal financial aid.

EXONERACIÓN DEL PAGO DE MATRÍCULA COMO NO RESIDENTE (AB540)

La ley AB540 fue firmada en California el 12 de octubre de 2001 para permitir que estudiantes que cumplan con ciertos requisitos sean exentos de los pagos de matrícula como no residentes y solamente paguen la cuota de inscripción actualmente de $36 por unidad en Los Angeles Southwest College. Esta ley incluye a estudiantes indocumentados. Para ser elegibles, los estudiantes deben cumplir con los siguientes requisitos:

- Haber asistido a una escuela preparatoria (high school) en California por un mínimo de tres años (el 9º grado también cuenta)
- Haberse graduado de una preparatoria en California o haber obtenido un certificado equivalente al diploma de preparatoria como el GED (no importa cuando lo obtuvo)
- Estar de acuerdo en aplicar para residencia legal tan pronto como sea posible

Para tomar ventaja de esta oportunidad y pagar solo $36 por unidad, simplemente complete la forma AB540 en la Oficina de Admisiones y el Centro Puentes al Éxito. No hay límite de años en los cuales usted puede aprovechar esta oportunidad. Para más información llame al (323) 241-5281. Nota: Efectivo primavera 2013, AB540 estudiantes son elegibles para solicitar y recibir becas con fondos no gubernamentales y Estado financiado ayudas y subvenciones (ver ayuda financiera para obtener más información).

ESTUDIANTES NO RESIDENTES

Empezando con el verano del 2009, estudiantes indocumentados quienes no califican bajo la ley AB540, serán exentos de los pagos como no residente en base a la necesidad financiera individual de acuerdo con la regulación 8100.15 (LACCD Board Rule 8100.15) adoptada por el canciller (Chancellor) de LACCD. Si los estudiantes reúnen los requisitos estipulados en la Solicitud para la Exención de Cuotas de Matrícula como no Residente (disponible en las oficinas de: Admisiones y Expedientes, Ayuda Financiera, y Puentes al Éxito,) pueden ser elegibles para recibir la exención a cuotas para no residentes y pagar solamente la cuota actual de inscripción de $36 por unidad. Estudiantes indocumentados no califican para ayuda financiera estatal o federal.

K-12 STUDENTS SPECIAL ADMISSION

Los Angeles Southwest College may permit the admission of K-12 students who in the opinion of the President or designee, can benefit from instruction. Approval of the appropriate principal, high school counselor and parent (or guardian) is required for all K-12 applicants. Additional approval of the Dean of Student Services is required for all applicants ages 14 and under. The intent of this program is to provide educational enrichment opportunities for a limited number of eligible 9th through 12th grade students who fulfill special admissions standards.

The college reserves the right to exclude or limit enrollment into impacted programs and in other programs where health, safety, instructional methodology, facility constraints, or legal requirements are deemed inappropriate for special admission students. Special admission students must conform to the College’s academic rules and regulations and the code of conduct expected of all college students. Some fees may be required.

K-12 students must complete the supplemental application for high school students and the LASC Application for Admission. The LASC application can be processed online at www.lasc.edu (click on the Apply for Admission link), and the supplemental application can be downloaded from our college website at www.lasc.edu, click on the “Admission” link in the menu, and then click on “High School Students” in the sub-menu. Print the Supplemental application and make sure you obtain all necessary signatures and approvals. The student must bring the completed form along with a photo I.D. to the Admissions and Records Office, SSB-102, for processing prior to the start of the semester.

FEE EXEMPTION FOR SPECIAL PART-TIME STUDENTS, GRADE K-12

Students admitted as Special Part-time Students Grade K-12 and enrolling in 11 or fewer units are exempt from enrollment fees for all terms. Nonresident students who are enrolled in fewer than 6 units are exempt from enrollment fees. Students enrolled in more than 11 units will be charged enrollment fees.

The Los Angeles Community College District is committed to the philosophy of equal opportunity/equal access in all its employment, educational programs, and services. Thus, we are firmly committed to a policy of nondiscrimination on the basis of actual or perceived ethnic group identification, race, color, national origin, ancestry, religion, creed, sex (including gender-based sexual harassment), pregnancy, cancer-related medical condition of an employee, marital status, sexual orientation, age, physical or mental disability, or veteran status in our employment and educational programs and activities.

EQUAL OPPORTUNITY/NONDISCRIMINATION POLICY COMPLIANCE PROCEDURE

In order to ensure Equal Opportunity/Non-Discrimination Policy compliance at Los Angeles Southwest College, please direct inquiries to: Dr. Oscar Cobian, Acting, Dean of Student Services (323) 241-5298.

SUMMARY OF SEXUAL HARASSMENT POLICY

The policy of the Los Angeles Community College district is to provide an educational, employment and business environment free of unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct or communication constituting sexual harassment. Employees, students or other persons acting on behalf of the district who engage in sexual harassment as defined in the policy or by state or federal law shall be subject to discipline, up to and including discharge, expulsion, or termination of contract. The specific rules and procedures for reporting complaints of sexual harassment and for pursuing available remedies are incorporated in the LACCD Board Rules in Chapter 15.

The Los Angeles Community College District has a policy which provides formal and informal procedures for resolving complaints. Copies of the policy and procedures may be obtained at Los Angeles Southwest College from Dr. Oscar Cobian, Acting, Dean of Student Services (323) 241-5298. Every employee has the responsibility to report such conduct to the Compliance Office when it is directed toward students. Potential complainants are advised that administrative and civil law remedies including, but not limited to, injunctions, restraining orders or other orders, may be made available.

Online Classes

Distance education comprises the fastest growing educational delivery mode in California community colleges. The mission of the Distance Education program at Southwest College is to promote student access and student success by integrating some of the programs and services using technology mediated instruction and to develop and promote effective distance learning paradigms.

Distance Education provides you with the convenience of attending classes in a “virtual world” without the limitations of time and travel. Please visit our Web site at www.lasc.edu, click on the For Students link and then click the Online Classes link. There you'll find a wealth of information on the Distance Education program here at Los Angeles Southwest College and it will help you decide if Distance Education and online classes are right for you. When you’re ready to enroll in an online class, just visit our Online Classes Web site at http://online.lasc.edu.

What do you need to take an online class?
1. You must be officially registered for the online class.
2. You must use your District Issued LACCD.Student.edu email address. Regular and proficient use of e-mail and the Internet should prove helpful when taking online classes.
3. You must have a reliable computer. Our online classes are generally based on using PCs, but some courses can accommodate the use of MACs. If you have a question, ask your instructor via e-mail.
4. You must have a reliable Internet connection. Dial-up connection will work for some classes, but it is recommended that you have DSL or cable connections.

What to do if you have signed up for an online class:
You MUST use your District Issued e-mail address in order to take an online class. Verify that your e-mail address works. If you’re not sure how to do this, call the Admissions Office.

To sign up for an online class means you must REGISTER for the class via the student information system at www.lasc.edu, click on the Register for Classes link. While it is not mandatory, attendance at the Orientation session is highly advisable. If possible, plan to attend the Orientation session. At the Orientation session, your instructor will be there to give you valuable information about your class and will instruct you in how to navigate the online class Website. If you are unable to attend, e-mail your instructor letting them know you were unable to attend. Include in your District Issued Student e-mail address, your full name, the course and section numbers in all correspondences to your instructor.

LASC is currently using Etudes as the operating systems for on-line classes. The online classes are under the online class's information on page 47 and within the schedule of classes; directions for access and use are provided.

*Please remember that you must attend either in-person or on-line orientation listed for online classes.

NEW AND UPCOMING REGULATIONS
EFFECTIVE SUMMER 2012

Please note: The Census date is a date in which all enrollment at LASC is counted and reported to our District Office in order to determine our campus funding (apportionment). The Fall 2013 Census Date is September 9, 2013.

1. All courses must be added before the census date (September 9, 2013 is the deadline to add classes).

2. All courses must be dropped before the census date to avoid receiving a “W” grade (receipt of “W” grades in the same course will have further consequences). The period of time to drop a course without record of enrollment has been reduced. The deadline to drop without receiving a “W” grade now occurs before the census date. Drops that occur on or after the census date will result in a “W” grade. (Sunday, September 8, 2013 is the deadline to drop to avoid a “W” grade).
   - This should encourage you to make a decision to drop a class earlier
   - This will allow faculty the ability to make add decisions sooner (which will allow more students to be added – even sooner).
   - Use of the same add and drop date will reduce confusion.
   - Adding courses before census increases the number of students counted in apportionment.

3. Students receiving a satisfactory grade may not repeat a course (exceptions follow)*.
   *If you must repeat a course in which you have received a passing grade due to any of the reasons below, you must obtain the Third Repeat Petition from the Office of Admissions and Records, complete the form, and return to Admissions no later than August 16, 2013.

4. Students receiving a satisfactory grade may repeat the same course due to extenuating circumstances:
   a. Due to legally mandated training – if necessary to meet legally mandated training requirements as a condition of paid or volunteer employment.
   b. Course is a special course for students with disabilities which the student needs to repeat for one of the reasons described in section 56029 of the California Code.
   c. Recency - student is required to have taken the course within the past 5 years for admission to a college program.
   d. Extenuating circumstances – documentation is provided to show that previous grade was, at least in part, the result of extenuating circumstances.

5. The Board of Governors adopted regulations that limit apportionment for enrollment in a single course to three enrollments** for any credit courses taken within the Los Angeles Community College District except for courses identified as “repeatable”, such as PE and performing arts, in accordance with Title 5, section 55041, subdivision (c).

**Enrollment occurs when you receive an evaluative (letter grade) or nonevaluative (“W”) symbol, pursuant to Section 55023. You will not be able to add courses in which you have three prior attempts with record of enrollments (“W”, NP, NC, D, or F grades).

All credit course repeats and withdrawals in your enrollment history in the LACCD will be counted towards the new limit, regardless of when you took the course. If you need to repeat a course in which you have three or more records of enrollment:
   - You may take the course outside of the Los Angeles Community College District.
   - You may petition to retake the course within the district (subject to certain conditions) with extenuating circumstances – this 4th repeat will not count in apportionment.

WHAT SHOULD YOU DO?
   - Be sure that you are academically prepared for classes that you enroll in (See a Counselor).
   - If you must drop a course, drop before the specified deadline for dropping a class without a grade of “W” – September 8, 2013 is the No Penalty Drop Deadline for Fall 2013.
   - See a counselor before making decisions that could affect your education plan.
   - See financial aid before making decisions that may affect your financial aid.
   - Register for classes early (on your assigned registration appointment time).
   - Read your email from the campus – it is now being sent to your District Assigned Email Address ONLY!
     We want to keep you informed of important dates and deadlines.
   - Take your education seriously your present actions and decisions affect your future.

OVERVIEW OF MATH COURSES OFFERED

Basic Skills 35CE (0 Units) – Basic Math Skills (Formerly Math 105)
This noncredit course is designed to strengthen basic Math skills. Topics include: rounding, estimating, computing whole numbers, fractions, decimals, and percents.

Math 110 (5 Units) – Arithmetic and Pre-Algebra
Math 110 is an accelerated pathway option preparing students for Math 115 (Elementary Algebra). The material covered is equivalent to that covered separately in Math 105 (Arithmetic) and Math 112 (Pre-Algebra). Course credit may not be applied toward satisfaction of associate degree requirements. There is no prerequisite for Math 110.

Basic Skills 28CE (0 Units) – Basic Skills Pre-Algebra (Formerly Math 112)
This noncredit course bridges the gap between arithmetic and algebra. It reviews arithmetic and introduces concepts of algebra including signed numbers, variables, exponents, mathematical sentences and linear equations. Concepts, computational skills and problem solving skills are introduced and practiced to build mastery and proficiency. Students who have successfully completed Basic Skills 35CE, are eligible to enroll in Basic Skills 28CE.

Math 115 (5 Units) – Elementary Algebra
This is equivalent of 1½ year high school algebra, done in one semester. Required for an A.A. degree (may be taken by exam).

Math 125 (5 Units) – Intermediate Algebra
The equivalent of 2½ year high school algebra, done in one semester. To earn a bachelor's degree at CSU, students must either pass a CSU math test beyond the Math 125 level or take a math course beyond Math 125.

Math 122 (5 Units) – Intermediate Algebra for Statistics (General Education)

### Fall 2013 Schedule of Classes

Revised: 5/24/13

Los Angeles Southwest College Page 46
### ONLINE CLASSES

An Online course includes all requirements of the Hybrid course, and shall utilize features such as Course Documents, Discussion Boards, Virtual Classrooms, Groups, Assignments, External Links, Digital Drop Boxes and Grade Books, etc. Students do not typically attend a physical classroom when participating in an Online course. All course materials, instruction, discussion and assessment are posted and done Online. In the Online course, the course content should go hand in hand with the aspects of communication and collaboration in the course. Online courses require of the student and instructor the same amount of course work and hours outside of the classroom as traditional courses; they are offered in a more flexible and independent environment.
