Message from the President

For more than 50 years, Los Angeles Southwest College has provided a warm and welcoming campus setting for students from our incredible surrounding community so they can receive life-changing educational opportunities. As we head into the end of this very unique, trying, and, at times, troublesome 2020, please be assured that LASC will continue to do so this Fall Semester.

This semester, we will be offering all of our services and classes in a remote and online environment. This does not mean that our mission will change. We will continue to put our students’ needs, goals, and dreams first to ensure they receive the necessary support to successfully transfer to a four-year university or to get ahead professionally through the attainment of a certificate.

By enrolling at LASC, a student can expect support, love, and enthusiasm from our instructors, classified professionals, and administrators who are all here to ensure that they make it through these challenging times inside and outside the virtual classroom setting. No matter how difficult the days become, all who register for LASC classes should be confident that there is a wealth of people who will be ready and available to make sure each students’ goals are reached.

In return, we challenge students to be leaders, to push themselves to be the best versions of themselves, and to leave this campus with plans to make their community a better place. We ask our students to commit, to invest the time in themselves, and to continue to ask questions in order to become lifelong learners seeking to make our world more just and equitable.

As the weeks fly by and time becomes a blur, do not become disconnected as we are just a phone call or a web click away with all of the necessary encouragement and information. LASC will always continue to move forward to ensure that our students and our community are supported and that we provide all who seek an education the opportunity to receive one that they deserve.

Remember that our current situation is temporary, but our dedication to you and your success is everlasting. We are stronger together, as one LASC family.

If you are in need of assistance using your district issued email account, contact LASC’s Office of Admissions and Records, Student Services Building, Room 102.
Adding Classes
After you submit your online application, you will receive an email with directions on our 8-step matriculation process.

You may enroll in open classes using the online registration system prior to the start of the term only.

To add classes once the semester begins, you must obtain a permission number from the instructor of the class. Bring this Add Permit to the Admissions Office. To add online classes, you must email the instructor for permission to add.

Campus Procedure
No semester courses may be added after the last day to add (published in the Schedule of Classes). Short-term and Open-Entry/Open-Exit classes have different add periods. Check with the Office of Admissions and Records for deadlines. Attending classes without being properly enrolled is not permitted.

Withdrawal
New statewide regulations are now in effect that change the way students should think about enrolling in and withdrawing from classes.

Community colleges get their money from state apportionment. Apportionment is a set amount of dollars distributed to the college districts, based on enrollment. Each class you enroll in results in compensation to the college, and that is how the college stays open.

A “W” counts as an attempt, and you only get three attempts at any one course. Once you pass the course, you cannot repeat the course. After that, the state won’t pay the college for you to take the course again.

What this means for LASC students:
If you stay in a course past the “no penalty” drop date and then drop or are excluded, you receive a “W” and you have used one of your three attempts.

When you have made three attempts at a class, with any combination of “W”, “D”, or “F” grades, you will not be able to register for the class again. You would have to try to take the class again at a college outside the Los Angeles Community College District.

You may fill out a Course Repetition Petition for one more try citing “extenuating circumstances;” however, for the most part, the only extenuating circumstances that will work are military deployment, natural disaster, or requirement for employment. The Course Repetition Petition must be approved before the start of the term in which you are attempting to enroll in the course. The deadline to submit your Course Repetition Petition is in the semester Academic Calendar. You may only petition for a Course Repetition for the Fall and Spring semesters.

If your registration is blocked because of this rule, getting an Add Permit will not help.

What you should do:
If you’re going to drop a class, drop before the deadline so you won’t get a “W”.

Be sure you’re academically ready for classes you enroll in. See a counselor to help you make good decisions about your education plan.

It is the student’s responsibility to withdraw officially. Consult the Academic Calendar for deadlines.

Dropping Classes
THROUGH THE 2nd WEEK:
No notation (“W” or other) will appear on the student’s record if the class is dropped during the first two weeks of the semester. This deadline always occurs prior to the add deadline.

THROUGH THE 11TH WEEK:
A notation of “W” (withdrawal) is recorded on the student’s record for classes dropped during the 3rd through the 11th week of the semester.

AFTER THE 11TH WEEK:
Students who remain in class beyond the 11th week (or 75% of the class for short term classes) are given a grade by the instructor. That grade cannot be a “W” (withdrawal). Consult the deadline calendar in the Schedule of Classes or contact the Office of Admissions & Records.
What to Consider and Expect when taking an Online/Hybrid Class

All ONLINE classes and online portions of HYBRID classes are conducted through Canvas, a Learning Management System (https://ilearn.laccd.edu). To see an overview of Canvas, view the video at: https://player.vimeo.com/video/74677862

Students must have access to a computer and appropriate software in order to participate in an online/hybrid class (see page 3 for definitions of these terms). In an online class, you are not required to meet in person; however, ALL instruction, interaction with peers and instructors are conducted using Canvas. (Note: A hybrid class has one or more class sessions online and can have up to 50% of the content and activities held online.)

Online/hybrid courses require of the student and instructor the same amount of course work and hours outside of the classroom as traditional courses. You will be expected to log into Canvas multiple times per week to view materials, participate in discussions, and turn in assignments.

Before signing up for an online/hybrid class, carefully consider the following:

1. Participation and "Attendance" in an Online Class
   Just as in a face-to-face class, you are expected to "attend" class regularly by logging into Canvas and participating in the course, turning in assignments, etc. Instructors often require students to complete an assignment in the first few days of the term to make sure that students are actively participating in a class. Make sure to log in on the first day of the term and check for any assignments that are due in the first few days of the class to make sure that you are counted as active in the class.
   Check your online class syllabus to see your instructor’s policy on participation and attendance in that online class.

2. Due Dates
   All assignments, quizzes, tests, research papers, reading materials, and any other required material will have weekly deadlines that need to be met.

3. Time Management
   Time management must be taken into consideration before taking an online class. Since there are no set times that the class meets, it will be up to you to plan when you will log into Canvas and complete work (multiple times per week).
   Due dates are different for each class, but students should be aware that time spent online using a computer to complete assignments could take three (3) or more hours per week to successfully participate in an online course.

4. Weekly Discussions
   You may be required to review and to respond to questions presented by your instructor.
   You may be asked to respond to peers in the same forum.

5. Online Weekly Assignments
   Assignments online are similar to those done in a face-to-face class.
   Weekly homework is to be expected.

6. Online Weekly Quizzes
   Most online classes require students to take quizzes/tests throughout the semester. These tests are administered via Canvas and are taken online using a computer. Some quizzes/tests are timed.

7. Team or Group Assignments
   Teams may be asked to work together on assignments within Canvas for the course.
   You, as well as the members of your team, will be responsible for working together and completing any assigned task.

8. Reading Material and Syllabus
   A book(s) is normally required.
   Additional reading material may be required, such as posted articles, lectures, overview material, and so forth.

9. LASC Library Access for Online Students
   LASC Library Online Resources including e-books and scholarly journal articles are available to current LASC students 24 hours a day online.
   Go to: http://libguides.lasc.edu/lasc_library
   Check with your instructor for current semester passwords.

Step 1 – Apply for Admissions
Submit a complete Application for Admission online at www.lasc.edu. Your application will be processed within 2-3 business days after it has been submitted. You will receive an email that explains your next steps. NOTE: You will receive a district issued email once you have been admitted. We will notify you that you have been admitted via your personal email address; however, once you have been admitted, we will only correspond via your district issued email address. Check your student email regularly.

Step 2 – Attend an Orientation
COMPLETE THE IN-PERSON ORIENTATION. During orientation, you will receive information regarding campus resources and programs. Important policies and procedures of the college will also be covered. Bring your student issued ID number. You must obtain proof that you have completed Orientation before you can take the Math and English assessment tests. A campus tour of important student resource centers is included. Allow approximately two hours to complete the orientation. You are required to wait at least one day between Orientation and Assessment.

Step 3 – Go to the Assessment Center (SSB-204)
Trained staff will help you through the matriculation process. You may be asked to take the assessment test. No children are allowed in the testing area. You must obtain proof that you have taken the assessment test before you can meet with a counselor.

Step 4 – See a Counselor (SSB-227)
You must see a counselor for assistance with completing your student educational plan. Counselors will help you select appropriate classes that meet your educational goal(s) and inform you about the limitations and adverse effects of withdrawals and course repeats. No appointment is necessary.

Step 5 – Register for Classes
You must register at www.lasc.edu. For your convenience, detailed registration instructions are posted on page 9 in the Schedule of Classes.

Step 6 – Apply for a Fee Waiver to Pay Your Fees
Go to the Financial Aid Office, SSB-104, to apply for a fee waiver. If you qualify, the waiver can be used to pay for your fees for the entire academic year. If you do not qualify, you will need to go to the Business Office to pay your fees. Fees are due once the semester begins.

Step 7 – Take your Student I.D. Picture
Once you have registered for class(es) you are eligible to receive a free student I.D. card. You must bring your printout from the Business Office, which lists your classes along with your student I.D. number and a photo I.D. (Driver’s license or California I.D.) to SSB-204.

Matriculation Exemptions:
Some students might be exempt from matriculation. However, for students who have long-range educational objectives and who have little or no previous college experience, full matriculation is strongly recommended. You may be exempt from the matriculation process if any of the following conditions apply to you:

- Have an Associate’s Degree or higher.
- Completed college-level English and math classes at another college.
- Taken the assessment test at another college within one year.
- Want to take a class for personal enrichment.

If you wish to request exemption from matriculation, consult a counselor to see if you are eligible.

FOR MORE INFORMATION, CALL THE STUDENT SUCCESS AND SUPPORT PROGRAMS OFFICE, AT (323) 241-5361. THE OFFICE IS LOCATED IN SSB ROOM 204.

Derechos y Responsabilidades Del Estudiante

El proceso de matriculación ayuda a los estudiantes a alcanzar sus metas educativas. Es un acuerdo entre el colegio y el estudiante quien se inscribe en clases con o sin crédito. Le pedimos que participe en una alianza con nosotros para asegurar su éxito educativo.

Paso 1 – Solicitar la admisión
Enviar una aplicación completa de admisión en línea en www.lasc.edu. Su aplicación será procesada dentro de 48-72 horas después de su petición. Usted recibirá un correo electrónico que explica los siguientes pasos a seguir.

Paso 2 – Asistir a una orientación
COMPLETAR LA ORIENTACION EN PERSONA. Durante la orientación, usted recibirá información sobre los recursos y los programas del colegio. Políticas y procedimientos importantes del colegio también estarán cubiertos. Por favor de traer su número de identificación estudiantil. Usted debe obtener un comprobante de que ha completado la orientación antes de tomar la evaluación de inglés y matemáticas. Se incluye un recorrido del campus de importantes centros de recursos estudiantiles. La orientación toma aproximadamente dos horas. Necesita un día de espera entre la orientación y evaluación.

Paso 3 – Ir al Centro de Evaluación
El Centro de Evaluación se encuentra en SSB-204. Personal capacitado le ayudará en el proceso de registro. Se le puede pedir que tome la prueba de colocación. No se admiten niños en el área de pruebas. Usted debe obtener una prueba de que usted haya tomado la prueba de evaluación antes de que pueda reunirse con un consejero.

Paso 4 – Ver a un consejero (SSB-227)
Usted debe ver a un consejero para asistencia en completar su plan educacional de estudiante. Los consejeros le ayudarán a seleccionar las clases adecuadas para cumplir su objetivo(s) educativo(s) y le informarán sobre las limitaciones y los efectos adversos de los retiros y repeticiones de cursos.

Paso 5 – Inscribirse en las clases
Usted debe registrarse en línea en www.lasc.edu. Para su comodidad, instrucciones detalladas de inscripción están publicados en la página 7 en el horario de clases.

Paso 6 – Solicitar una exención pago (Fee Waiver) de inscripciones
Vaya a la oficina de ayuda financiera, SSB-104, para solicitar una exención de cuotas. Si usted califica, la exención puede ser utilizada para pagar sus cuotas de todo el año académico. Si usted no califica, usted tendrá que ir a la oficina de negocios para pagar sus cuotas de registración. Las tarifas se deben pagar una vez que comience el semestre.

Paso 7 – Obtener su identificación de estudiante
Una vez que se haya registrado a clase(s) usted es elegible para recibir una identificación de estudiante gratis de LASC. Usted tiene que traer su recibo que enlista el horario de sus clases y su número de estudiante la oficina de Negocios y una identificación con foto (Licencia de conducir o ID de California) a la oficina SSB-204

Las exenciones de matrícula:
Algunos estudiantes podrían estar exentos del proceso de matriculación. Sin embargo, para los estudiantes que tienen objetivos de educación a largo plazo, y que tienen poco o nada de experiencia previa en la universidad, la prueba de evaluación es muy recomendable. Usted puede estar exento del proceso de evaluación si alguna de las siguientes condiciones se aplica a usted:

• Usted ya tiene una carrera de dos años o más
• Usted ha completado clases de inglés y matemáticas a nivel universitario en otro colegio.
• Usted ha tomado el examen de evaluación en otro colegio entre un año.
• Usted desea tomar una clase para el enriquecimiento personal.

Si desea solicitar la exención del proceso de matriculación, consulte a un consejero para ver si usted es elegible.

CALIFORNIA NON-RESIDENT TUITION EXEMPTION (AB540/AB2000)

AB 540 was signed into California law on October 12, 2001 to authorize students who meet certain criteria to pay “in state” or “resident’s” tuition rates (only $46 per unit at Los Angeles Southwest College). This includes undocumented students and nonresident U.S. citizens. To be eligible, students must:

• Have attended a California high school for three or more years (9th grade counts),
• Have graduated from a California high school or obtained the equivalent of a high school diploma (how long ago does not matter),
• Be willing to apply for legal residency as soon as possible,

To take advantage of this lower tuition rate, fill out the AB540 Exemption Form available in the Admissions and Records Office or Bridges to Success offices. There is no maximum number of years for which you can receive this lower tuition rate. For more information, call (323) 241-5321 or (en Español) (323) 241-5281. AB540 students are eligible to apply for and receive non-state funded scholarships and state funded financial aid and grants (See Financial Aid for more information).

Assembly Bill 2000 (AB 2000) was passed in 2014 and expands the definition of students eligible for AB540. AB 540/AB 2000 allows students meeting the criteria below to pay in-state tuition, the same as resident students (e.g. undocumented, permanent resident, U.S. citizens) at California public colleges and universities.

Starting January 1, 2013, the California Dream Act (Assembly Bills 130 and 131) provided the opportunity for AB540 students to receive Cal Grant A & B Entitlement awards, Cal Grant C awards, institutional grants and community college fee waivers. To be eligible for AB540, you must meet all the following criteria:

1. The student must have:
   - Attended a high school (public or private) in California for three or more years, or
   - Attained credits earned in California from a California high school equivalent to three or more years of full-time high school course work and attended a combination of elementary, middle and/or high schools in California for a total of three or more years.
   - Graduated from a California high school or attained the equivalent prior to the start of the term (for example, passing the GED or California High School Proficiency exam)

2. File an affidavit with the college or university stating that he or she has filed an application to legalize his or her immigration status, or will file an application as soon as he or she is eligible to do so.

Students who are nonimmigrants who are victims of trafficking, domestic violence, and other serious crimes who have been granted T or U visa status, under Title 8 of the United States Code, sections 1101(a)(15)(T) or (U) are eligible for this exemption. Students who are nonimmigrants, other than those with T or U visa status as noted above, [for example, those who hold F (student) visas, B (visitor) visas, etc.] are not eligible for this exemption.

The student must file an exemption request including a signed affidavit with the college that indicates the student has met all applicable conditions described above. Student information obtained in this process is strictly confidential unless disclosure is required under law.

NON-RESIDENT STUDENTS

Undocumented students who do NOT qualify for the AB 540 tuition exemption shall be entitled to exemption from nonresident fees on the basis of individual financial need in accordance with regulations adopted by the Chancellor (LACCD Board Rule 8100.15). If the students meet the eligibility requirements on the Nonresident Tuition Fee Waiver (available in Admissions and Records, Financial Aid and Bridges to Success), they may be eligible to receive a nonresident tuition exemption and ONLY pay the current enrollment fee of $46 per unit. Undocumented students do not qualify for state or federal financial aid.

NON-RESIDENT TUITION EXEMPTION FOR ELIGIBLE CHILDREN OF DEPORTED OR VOLUNTARILY DEPARTED PARENTS (SB141)

SB 141, which became effective on January 1, 2014, and added Education Code section 76140(a)(5), requires districts to exempt from nonresident tuition a student who is a United States citizen and who resides in a foreign country, if he/she meets specified criteria. SB 141 does not grant residency, but exempts a qualified student from paying nonresident tuition. To be eligible, students must:

• Demonstrate a financial need for the exemption.

Have a parent or guardian who has been deported or was permitted to depart voluntarily under the federal Immigration and Nationality Act in accordance with Section 1229c of Title 8 of the United States Code. The student shall provide documents from the United States Citizenship and Immigration Services evidencing the deportation or voluntary departure of his or her parent or guardian.

• Have moved abroad as a result of the deportation or voluntary departure specified in subparagraph (B).
• Have lived in California immediately before moving abroad. The student shall provide information and evidence that demonstrates the student previously lived in California.
• Have attended a public or private secondary school (i.e., a high school, trade school, or adult school) in the state for three or more years. The student shall provide documents that demonstrate his or her secondary school attendance.
• Upon enrollment, be in his or her first academic year as a matriculated student in California public higher education (i.e., a campus of the California community colleges, California State University, or University of California) and will file an affidavit with the institution stating that he or she intends to establish residency in California as soon as possible.

Eligibility for Federal and State Aid

SB 141 students, as U.S. citizens, may apply and qualify for federal financial assistance (e.g. Pell Grants, Federal Supplemental Educational Opportunity Grant (FSEOG)), and federal student loans.

Until they establish California residency, SB 141 students do not become residents for eligibility purposes for any state-funded program (e.g. BOG Fee Waiver, etc.).

Apportionment

Colleges may claim state apportionment for FTES generated by students exempted pursuant to SB 141, and their attendance should be reported as resident FTES for apportionment purposes.

K-12 STUDENTS SPECIAL ADMISSION

Los Angeles Southwest College may permit the admission of K-12 students who, in the opinion of the President or designee, can benefit from instruction. Approval by the appropriate principal, high school counselor and parent (or guardian) is required for all K-12 applicants. Additional approval of the Dean of Student Services is required for all applicants ages 14 and under. The intent of this program is to provide educational enrichment opportunities for a limited number of eligible ninth through 12th grade students who fulfill special admissions standards.

The college reserves the right to exclude or limit enrollment into impacted programs and in other programs where health, safety, instructional methodology, facility constraints, or legal requirements are deemed inappropriate for special admission students. Special admission students must conform to the College’s academic rules and regulations and the code of conduct expected of all college students. Some fees may be required.

K-12 students must complete the supplemental application for high school students and the LASC application for admission. The application can be processed at www.lasc.edu (click on the Apply for Admission link), and the supplemental application can be downloaded at www.lasc.edu, click on the “Admission” link in the menu, and then click on “High School Students” in the sub-menu. Print the Supplemental application and make sure you obtain all necessary signatures and approvals. The student must bring the completed form along with a photo I.D. to the Admissions and Records Office, SSB-102, for processing prior to the start of the semester.

FEE EXEMPTION FOR SPECIAL PART-TIME STUDENTS, GRADE K-12

Students admitted as special, part-time students grade K-12 and enrolling in 11 or fewer units are exempt from enrollment fees for all terms. Nonresident students who are enrolled in fewer than six units are exempt from enrollment fees and non-resident tuition. Students enrolled in more than 11 units will be charged enrollment fees.
IMPORTANT REGULATIONS

Please note: The Census date is a date in which all enrollment at LASC is counted and reported to our District Office in order to determine our campus funding (apportionment).

All courses must be added by the census date.

All courses must be dropped before the census date to avoid receiving a “W” grade (receipt of “W” grades in the some course will have further consequences). The period of time to drop a course without record of enrollment has been reduced. The deadline to drop without receiving a “W” grade now occurs before the census date. Drops that occur on or after the census date will result in a “W” grade. This should encourage you to make a decision to drop a class earlier. This will provide faculty with the ability to make add decisions sooner (which may allow more students to be added). Adding courses by census increases the number of students counted in apportionment.

Students receiving a satisfactory grade may repeat the same course due to extenuating circumstances.

Due to legally mandated training – if necessary to meet legally mandated training requirements as a condition of paid or volunteer employment.

Course is a special course for students with disabilities, which the student needs to repeat for one of the reasons described in section 56029 of the California Code.

Recency - student is required to have taken the course within the past five years for admission to a college program.

Extenuating circumstances – documentation is provided to show that previous grade was, at least in part, the result of extenuating circumstances.

The Board of Governors adopted regulations that limit apportionment for enrollment in a single course to three enrollments for any credit courses, taken within the Los Angeles Community College District except for courses identified as “repeatable,” such as Kinesiology and Performing Arts, in accordance with Title 5, section 55041, subdivision (c).

The Board of Governors approved changes that will establish system-wide enrollment priorities designed to ensure classes are available for students seeking job training, degree attainment or transfer as well as to reward students who make progress toward their educational goals. New students who have completed college orientation, assessment and developed education plans as well as continuing students in good academic standing who have not exceeded 100 units will have priority over students who do not meet these criteria.

**Enrollment occurs when you receive an evaluative (letter grade) or nonevaluative (“W”) symbol, pursuant to Section 55023. You will not be able to add courses in which you have three prior attempts with record of enrollments (“W”, NP, NC, D, or F grades).

All credit course repeats and withdrawals in your enrollment history in the LACCD will be counted toward the new limit, regardless of when you took the course. If you need to repeat a course in which you have three or more records of enrollment:

You may take the course outside of the Los Angeles Community College District.

You may petition to retake the course within the district (subject to certain conditions) with extenuating circumstances – this fourth repeat will not count in apportionment.

WHAT SHOULD YOU DO?

Be sure that you are academically prepared for classes that you enroll in (If you have questions, talk to a counselor).

If you must drop a course, drop it before the specified deadline for dropping a class without a grade of “W”.

See a counselor before making decisions that could affect your education plan.

Visit the Financial Aid office before making decisions that may affect your financial aid.

Register for classes on your assigned registration appointment time.

Read your email from the campus – it is sent to your District Assigned Email Address ONLY!

New students should be sure to complete the matriculation process in order to obtain higher registration priority.

Seats will be filled as openings occur in the order of the waitlist. If you are added from the waitlist, you will be notified via your student email. Permission Numbers will be used for both in-person classes and online classes. Permission Numbers have an expiration date, and they must be processed online prior to the expiration date – your instructor will tell you the expiration date. Please note: If you fail to process the permission number or if you try to use it after it has expired, it will not work and your instructor may deny your request for another number. Please note that the deadline to add classes occurs on a Saturday. If you need assistance using your permission number, do not wait until the deadline to add, seek assistance prior to the permission number expiration date. You can only use a permission number once. It expires after it has been used.

**Pay2Stay** - You must now pay or apply for financial aid (which includes the Board of Governors fee waiver) and have sufficient anticipated aid, to prevent your classes from being dropped. We recommend that you submit your FAFSA no later than the priority processing deadline – visit the Financial Aid website for details. If you missed the deadline, do so as soon as possible. Pay2Stay affects everyone. You may be dropped if you fail to pay, fail to apply for financial aid, or fail to apply for the BOG. There are three opportunities to meet the payment deadlines to avoid having your classes dropped for non-payment. Please note that once you are dropped, you will be able to re-enroll within the next 48 hours through Aug. 27, 2017. After August 27, 2017, you will need to obtain Permission Numbers (see above) from your instructors to enroll in classes.
Waitlist Policy for Closed Classes

During the enrollment period prior to the start of classes, students wishing to add classes which have reached the enrollment limit can add themselves to the waitlist. A process will run throughout the day that will automatically enroll students in the class from the waitlist as seats become available. An email will be sent to the student's LACCD email account notifying them of the registration. The last day a student can be added to a waitlist is two days before the first day of the session. Waitlists apply to all regular and short-term session classes, summer and winter intersession.

After classes begin, students actively enrolled in the class who do not show up for the first class meeting MAY be dropped by the instructor who will then add students from the waitlist. If you are not moved into the course from the waitlist during the enrollment period, you must attend the first meeting of class to be considered for late enrollment from the waitlist. If there is space available and you are not at the class, you will lose your place on the waitlist and the next student on the waitlist may be added instead.

**Important details you should know:**

- Being added to a waitlist does not guarantee enrollment in the class.
- All co-requisites or pre-requisites must be satisfied before you will be enrolled from the waitlist.
- You will not be enrolled from the waitlist if the class conflicts with times on your existing class schedule.
- You can view your waitlist position in your online student portal. Click on **Academics Menu** and then click on **Class Schedule**.
- You can remove yourself from a waitlist the same way you would drop a class in your online student portal.
- During the primary terms of fall and spring, students will be limited to enrolling for no more than 19 units, and during the winter and summer will be limited to registering for no more than 9 units district-wide. The maximum number of waitlist units is 12 for fall and spring and 9 for winter and summer.
- You may sign up for multiple waitlists for the same discipline/class; however, if you are moved from the waitlist to an open space, you will be removed from the alternate waitlist for the same discipline/class after acceptance.

**NO SHOW**

Actively enrolled students who are not present at the first class meeting MAY be dropped by the instructor, and their seat MAY be given to a student on the waitlist.
Auto-Enrollment from the Waitlist/Frequently Asked Questions

**Can any student get on a waitlist?**
You are eligible to be placed on the waitlist if: there are waitlist openings for a class section, you meet the class pre-requisite, you have no repeat errors, you have no holds on your records, or the class units will not exceed your maximum waitlist units allowed.

**What is auto-enrollment from the waitlist?**
This is a daily process that enrolls students into their classes from the waitlist. Once the class is full it is marked as closed then only students from the waitlist may be enrolled in the course. If one seat becomes available in a course, then student number one on the waitlist is automatically enrolled from the waitlist provided there are no holds, time conflicts, prerequisites, repeat issues, or duplicate course errors.

**How does the waitlist process work?**
When seats become available in a closed class section, the class remains closed until a process runs that automatically enrolls students from the waitlist. The class remains closed until the waitlist empties or the enrollment capacity has been met, whichever comes first.

If a student does not meet the criteria to enroll in the class (see FAQ #1), the process will select the next student on the waitlist according to their position number.

Students that were on the waitlist and were not enrolled will maintain their position number. Students will have an opportunity to be auto-enrolled the next time a seat is made available, if they resolve the issue that prevented them from being auto-enrolled previously.

If the waitlist process runs and no students are enrolled, then the class will open and other students will be given the opportunity to enroll (even if there are still students on the waitlist that did not meet the criteria to be auto-enrolled).

If there are no students on the waitlist, the class will open as usual when seats are made available.

**If an enrolled student drops classes how are students moved from the waitlist into the open seats?**
Students are auto-enrolled from the waitlist into the course by their priority ranking on the waitlist. For example, if a class is full, and three students drop, students ranked 1, 2, and 3 will be auto-enrolled from the waitlist. The student who was previously ranked number 4 will now be ranked number 1. If another student drops the course, he or she will be the next student to auto-enroll. This scenario will continue until the waitlist is empty, or the class is full, or the waitlist is closed at 11:59 PST two days before the session begins.

By adding themselves to the waitlist a student is acknowledging that they understand that they will be auto-enrolled and will be responsible for the enrollment fees and/ or dropping the classes if necessary.

**How do I know I was moved from the waitlist to the active class?**
If you are moved into a class from the waitlist, an email will be sent to the student’s LACCD email account notifying them of the registration. It is important that you activate and monitor your LACCD emails during the registration period. If you decide you do not want to be enrolled in the class after you are moved from the waitlist, you must officially drop the class.

**When is the first and last day to get on a waitlist for a class?**
Students cannot get on a waitlist until their enrollment appointment or open enrollment has begun.
The last day to get on a waitlist for a class will be 11:59 p.m., two days before the session begins.
Waitlists are only available once the class has reached the enrollment capacity. For an extremely popular course the waitlist may be activated very early in the registration period.
How do you know if a class has a waitlist?
The waitlist option is only available once all seats in a class have been filled and the section closes. When a Class Search is performed to include these closed classes, users will notice a yellow triangle beside classes that have available waitlist seats. Once the waitlist capacity has been reached, the waitlist feature is unavailable and the blue closed class icon will display beside the section in Class Search.

How many waitlist seats are available for each class?
The number of seats on the waitlist is determined by the academic department. The waitlist number can vary by subject and course.

Can students' waitlist for more than one section of the same class?
Students can waitlist for multiple sections of the same class, with the following stipulations:

Students cannot choose their preference for which section they will be auto-enrolled first. The waitlist process will enroll the student in the section that has the first available seat.

Once enrolled in one of those class sections, students will be automatically dropped for the other waitlisted sections for that course.

If students are already enrolled in another section of a class they want to waitlist, the SWAP feature should be used to enroll and waitlist for the closed section.

When should the “SWAP” enrollment feature be used?
If students are already enrolled in another section of the class for which they want to waitlist, SWAP should be used. If students use the ADD enrollment feature to get on a waitlist for a different section of the same class, they must DROP the section in which they are enrolled before they will be moved from the waitlist.

Students may also want to use SWAP if there is a known time conflict between an already enrolled class section, and the section for which they want to waitlist. If students get on a waitlist using the ADD enrollment feature, they will not be auto-enrolled into the waitlisted class until they DROP the class that presents the time conflict or the class.

Finally, students may want to use SWAP if they are already enrolled in the maximum number of units for a term and want to still get on a waitlist. If a student gets on a waitlist using the ADD enrollment feature, they will not be auto-enrolled into the waitlisted class until they DROP a class that would allow the waitlisted class to fall within the maximum number of allowable units to be enrolled in for a semester.

If students are not enrolled from the waitlist due to any of these issues, they will be passed over and the next eligible student on the waitlist will be auto-enrolled.

Can students get on a waitlist if there is a time conflict with a class section in which they are already enrolled?
The self-service enrollment process does not check for a time conflict when a student is placed on a waitlist. At the time the auto-enrollment process runs, students will not be enrolled in the class if the time conflict still exists. Students will need to drop the class that prevents the time conflict if they want to be moved from the waitlist.

Ideally, students should use the SWAP feature when getting on a waitlist for a section that presents a time conflict with an already enrolled class. That way, if a seat opens in the close section the student will be automatically dropped from the previously enrolled section.
