About LASC's Comprehensive Work Plan

The Los Angeles Southwest College work plan was initially created by the LASC Fiscal Recovery and Long-Term Sustainability Taskforce in the summer of 2020 in response to the <u>Fiscal Recovery</u> and <u>Long-Term Sustainability Report</u> established by the Cambridge West Partnership. The work plan initially operationalized recommendations made in the Fiscal Recovery Report to the campus. Since that time, the College has established additional goals through the college's <u>Institutional Effectiveness Partnership Initiative Plan (IEPI)</u> and the updated strategic goals found in the <u>FY 2021-2026 Strategic Education Master Plan</u>. These goals have also been included to develop a comprehensive work plan updated monthly to track the college's progress in our pursuit of academic excellence, operational efficiency, fiscal recovery and sustainability, and responsive student services to best serve our students and community. This is a living document updated monthly to best reflect the priorities of the college and provide a snapshot of accomplishments each monthl.
